TEN CENTS A WEEK

## ASHBROOK'S

Widows' Pension Bill Signed  
as Congress Adjourns  
Noteworthy Session

WAS PASSED YESTERDAY

Mr. Ashbrook Witnesses  
Signature of Bill Which  
Aids Thousands of Aged  
Women—Appropriations  
During Session Reach Al-  
most Two Billions of  
Dollars

Washington, Sept. 8.—Congress  
adjourned this morning at  
ten o'clock concluding a session, re-  
cord breaking in many respects, with  
appropriations and authorizations for  
the future running well toward two  
billion dollars.

Congress, at the session appropri-  
ated exactly \$1,626,429,210 which,  
with obligations and authorizations for  
the future, makes the total \$1,-  
858,384,485. These figures, an-  
nounced in speeches by Representa-  
tives Fitzgerald, New York, Demo-  
crat, and Gillett, Massachusetts, Rep-  
ublican, were defended by the latter  
and attacked by the former as half a  
billion dollars greater than appro-  
priations made in any session of a  
Republican congress.

When the house convened at 8:30  
a. m. Speaker Clark, Democratic  
leader, Republican leader Mann and  
members of both sides on the floor to  
watch the windup.

Speaker Clark and Republican  
leader Mann exchanged the usual  
felicitations.

Speaker Clark addressing the  
house, referring to the session of  
congress as long, tedious and labori-  
ous session.

"No session of congress in my re-  
collection," he said, "stayed in ses-  
sion so many days and worked so  
many hours."

"I am the only man," the speaker  
went on, amid applause, "I know of,  
who invariably takes up cudgels for  
congress. It is a strange predicament  
that we are in, in this country. Nearly  
every one would like an office. Many  
run for office, few get offices and  
everybody abuses those who do get  
the office. I think that the reason  
that they hop on congress is that it  
is impersonal and does not hurt any  
one's feelings in particular. Some  
day I am going to take a whole hour  
to discuss the relations of the Ameri-  
can congress to the American people."

Soon after the President reached  
the capitol the revenue bill was ready  
for his signature. It was signed at  
9:25 o'clock.

The President held a reception in  
his room as a line of senators and  
representatives passed through while  
he sat at the table signing bills.

As the President was about  
to sign the twenty dollar wid-  
ows' pension bill with Repre-  
sentative William A. Ashbrook  
of Ohio, its sponsor by his side,  
Bryan of South of Georgia and  
Bryan of Florida who opposed it  
vigorously with good effect. One of our  
machines failed to return.

"During the same afternoon a  
naval aeroplane successfully at-  
tacked and brought down in flames  
a hostile kite balloon near Ostend.  
The attack was carried out under  
anti-aircraft fire of the heaviest  
kind, but the pilot returned safely."

## BRITISH PLANE LOST IN RAID OVER BELGIUM

London, Sept. 8.—A British aero-  
plane was lost in a raid, thirty  
miles southeast of Brussels.  
"Yesterday afternoon naval aero-  
planes attacked the enemy aero-  
plane at St. Denis," says an official  
communication issued today. "A  
large number of bombs were dropped  
with good effect. One of our  
machines failed to return."

"During the same afternoon a  
naval aeroplane successfully at-  
tacked and brought down in flames  
a hostile kite balloon near Ostend.  
The attack was carried out under  
anti-aircraft fire of the heaviest  
kind, but the pilot returned safely."

## Say Peace Terms Are Being Discussed; Nations May Act

Stanford University, Cal., Sept.  
8.—That definite plans were out-  
lined at recent conferences between  
President Wilson and peace advo-  
cates for bringing about peace in  
Europe was the declaration made  
by Chancellor David Starr Jordan  
of Stanford University, who has  
just returned from Washington.  
According to Dr. Jordan, the con-  
ference agreed that any one of  
three plans would be feasible:  
First—A congress of executives  
of neutral nations might take the  
lead in bringing the belligerents of  
Europe together.  
Second—Congress might appoint  
representatives to meet with rep-  
resentatives of other neutral con-  
gresses to act.  
Third—The United States might  
act independently.

## 17,800 BILLS INTRODUCED IN THE HOUSE.

[Associated Press Telegram]  
Washington, Sept. 8.—During  
the session of congress closing  
today, 17,800 bills and 6424  
resolutions were introduced in  
the house. Of these 252 bills  
became laws and 22 public res-  
olutions were adopted in addi-  
tion to 150 private bills and  
resolutions passed.

## PRESIDENT WILL SPEAK TONIGHT TO SUFFRAGISTS

Washington, Sept. 8.—To com-  
plete the work incidental to the ad-  
journment of congress, President  
Wilson was up early today signing  
bills, executive orders and commis-  
sions which he desired to dispose of  
before leaving for Atlantic City at  
one o'clock this afternoon. He ar-  
ranged to go to the capitol to sign  
the urgent deficiency, the revenue  
and other bills passed in the closing  
hours of congress.

The President will arrive at Atlan-  
tic City shortly after 5 o'clock today  
and will remain at a hotel here until  
he speaks tonight at the convention  
of the national woman suffrage as-  
sociation.

## COL. ROOSEVELT ASKED TO SPEAK FOR REPUBLICANS

New York, Sept. 8.—Theodore  
Roosevelt, according to information  
from the Republican National head-  
quarters today has been asked to  
take a more active part in the  
Hughes campaign and has consented  
to a considerable addition to the  
number of speeches already ar-  
ranged for him.

The Colonel's part in the cam-  
paign was discussed at a conference  
at Oyster Bay and again today when  
a number of Republican leaders  
went to Mr. Roosevelt's home to  
figure with him in a series of mov-  
ing pictures.

## ANIMAL FRIEND DIES; FORMED FIRST SOCIETY

Nantucket, Mass., Sept. 8.—Mrs.  
Caroline Earl White of Philadelphia  
a pioneer worker in the movement  
for the prevention of cruelty to ani-  
mals, died at her home here yester-  
day. She was born in 1833.

Mrs. White, in 1867, organized  
in Philadelphia the society for the  
prevention of cruelty to animals.  
She was known as an author and  
philanthropist.

## Island Purchase Now Up to Danes; Senate Approves

Washington, Sept. 7.—Since the  
senate approved last night the Dan-  
ish West Indies treaty, virtually the  
only thing that stood in the way to-  
day of the acquisition of the islands  
by the United States was the ratifica-  
tion of the treaty by the Danish parlia-  
ment. Denmark, the lower house  
of which already has approved it.  
The action of the senate came al-  
most simultaneously with the ap-  
pointment by the Danish parlia-  
ment of a committee to consider the  
negotiations for the sale of the is-  
lands to the United States.

The treaty was ratified by the  
senate without a roll call and fewer  
than a dozen senators voted in the  
negative. It provides for the pur-  
chase of the Danish West Indies  
for \$25,000,000. Senator Nor-  
ris said he would vote to amend the  
treaty so as to make the pur-  
chase price \$10,000,000.

## Toledo is Alarmed Over Paralysis; Ten Cases Are Reported

Toledo, Sept. 8.—Health authori-  
ties expressed alarm last night when  
ten new cases of infantile paralysis  
were reported during the day. Victims  
are being isolated at city cen-  
ters, and already as fast reported  
taxing authorities taking that precau-  
tion against quarantine in the home.  
Further postponement of the open-  
ing of schools has been requested.  
There are now more than one hun-  
dred cases in the city.

SCHOOLS CLOSED.  
Freemont, Sept. 8.—The schools at  
Freemont, this county, which  
opened last Monday, were closed to-  
day because of infantile paralysis.  
One fourteen-year-old boy died from  
the disease and another pupil of the  
school is ill.

DEATH AT YOUNGSTOWN.  
Youngstown, Sept. 8.—Youngs-  
town's first fatal case of infantile  
paralysis occurred today in the  
death of Oscar, five, son of L. U.  
Hulin, school principal.

## FAIL

In Attempt to Regain Ground  
Taken by French and  
British

## GERMAN TRENCHES RAIDED

New Lines at Verdun and  
Along Somme Are Held  
Against Furious Assault  
—British Inflict Losses  
On Germans In Trench  
Raid Near Guncy—Bul-  
garians Claim Success

London, Sept. 8.—German troops  
along the Somme front last night  
made repeated efforts to take back  
ground won by the French in their  
latest advance south of the river. The  
struggle over the ground between  
Berny and Chauvines was marked  
with unusual violence. Paris an-  
nounces officially that the assaults of  
the Germans availed them nothing  
and the French everywhere held  
their ground.

On the Verdun front also French  
troops were subjected to a counter-  
attack, the object of which was to  
reconquer German first line positions  
over a front of nearly a mile north-  
east of Verdun which the French  
took yesterday. These efforts were  
unsuccessful, the official French re-  
port says.

British troops on the Somme front  
were comparatively inactive. Further  
north, near Guncy, the British  
raided German trenches and London  
says inflicted severe losses on the  
occupants.

An official Bulgarian statement of  
September 4 dealing with the earlier  
phases of the invasion of eastern  
Rumania, tells of the defeat of the  
Rumanians in two engagements, and  
reports a successful Bulgarian ad-  
vance along the Rumanian Black Sea  
coast.

The beginning of a great battle  
in southeastern Rumania is reported  
unofficially from Petrograd. The  
Russians are said to have taken the  
offensive over the entire Dobruja  
front, attacking the invading Bul-  
garians and Germans from the  
Danube to the Black Sea.

An undated Bulgarian official re-  
port announces important victories  
for the invaders in this region. It  
is said the German and Bulgarian  
forces have captured the fortified  
town of Dobric, 50 miles south-  
east of Bucharest and three towns on  
the Rumanian Black Sea coast near  
the Bulgarian frontier.

Sofia concedes that the Ruman-  
ians have occupied the important  
Hungarian town of Orsova.

The official Petrograd report to-  
day indicates that the Russians may  
have embarked on an important en-  
terprise on the northern end of their  
front. It was announced yesterday  
that Russians had crossed the Dvina  
north of Dvinsk and occupied part  
of a German position, but it appeared  
at that time that only a small force  
was involved, perhaps for reconnoi-  
tering purposes. The announcement  
of today however, shows that these  
forces were of sufficient size to en-  
gage in sustained fighting with the  
Germans whose repeated attempts to  
dislodge them are said to have been  
unsuccessful.

On the front below Lemberg in  
eastern Galicia a further retreat by  
the Austro-German forces is report-  
ed by the Russian war office. They  
are said to have fallen back to the  
western bank of the Gnita-Lipa, the  
last river before Lemberg, to the  
south which is available for defen-  
sive purposes.

## RAILWAYS EARN \$545 PER MILE SAYS REPORT

Washington, Sept. 8.—Sixty of the  
largest steam railways earned a net  
revenue of \$545 per mile during last  
July, an increase of \$43 a mile over  
July, 1915. A summary made pub-  
lic today by the interstate com-  
merce commission shows net reve-  
nues totaled \$4,555,521, compared  
with \$4,328,588 in July, 1915. The  
largest gains were made in the east.

## TWO BRITISH STEAMERS SUNK; ONE CREW IS SAFE

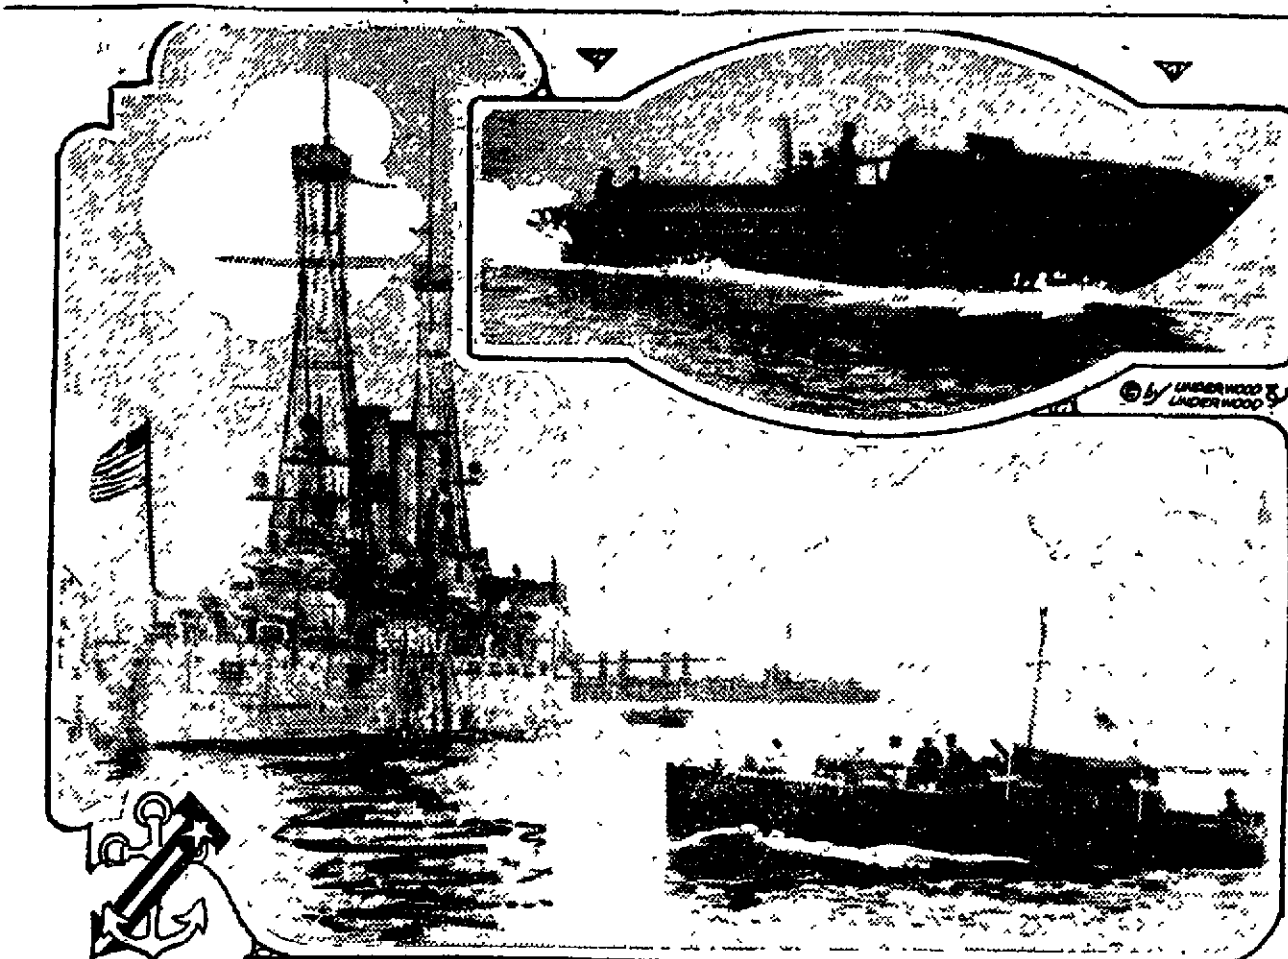

London, Sept. 8.—The British  
steamship Strathgair and the Eller-  
man line steamship Tagus have been  
sunk. The crew of the Strathgair was  
saved.

The Strathgair sailed from New  
York, Aug. 22, for Havre. While at  
her dock in New York in July of  
1915 an attempt was made to de-  
stroy her, fire bombs being found  
concealed in the hold.

## AMBULANCE OPERATOR HELD IN TOLEDO ON AUTO THEFT CHARGES.

Toledo, Sept. 8.—Worth Clegg,  
operator of a line of ambulances,  
was arrested today on four charges  
of receiving stolen property. It is  
alleged in the affidavits for his ar-  
rest that he received a quantity of  
automobile tires and a gold watch,  
stolen within the last few weeks  
from garages in Petersburg and Ida-  
hio, and Genoa, O.

## STINGLESS MOSQUITO FLEET SAVES U. S. BATTLESHIPS AND DESTROYERS FROM IMAGINARY INVADING FORCE

"Sunbeam II" cutting its way past stern of battleship New Jersey, torpedo-boat destroyer Flusser in background. Insert, type of high powered motor boat used in mosquito fleet's maneuvers.

The power boats shown above are units of the civilian fleet now assembled at Gravesend Bay, N. Y., for maneuvers with the United States navy. The "fleet" is composed of twenty high-powered motor boats, and airships, battleships, destroyers and submarines are actors in the mimic warfare staged for its benefit.

## WOMEN

### ADOPT REGULAR ELECTION METHODS IN SELECTING NEW SUFFRAGE OFFICERS.

Voting Machines Are Used at Asso-  
ciation Convention—President  
Wilson Will Speak.

Atlantic City, N. J., Sept. 8.—  
Delegates to the National American  
Woman Suffrage Association in con-  
vention here, who say they expect to  
be enfranchised before many years  
have passed, are taking time by the  
forelock and are learning how to  
vote.

In electing their national officers  
the delegates are following much the  
same plan of states where there are  
state wide primary laws. The can-  
didates first filed petitions, duly  
signed by a certain number of per-  
sons, they have their names placed  
on the primary ballot. The time for  
filing nomination papers closed last  
night and today a primary elec-  
tion was held. The two candidates  
receiving the highest vote for any  
one office will be placed on the elec-  
tion ballot and will come up for elec-  
tion tomorrow.

In carrying out the election the  
women are using voting machines  
and for the last two days delegates  
have been practicing on the machines  
in order to be able to vote without  
making a mistake.

Mrs. Catt has no opposition for  
president. It is said Mrs. Walter Mc-  
Nab Miller, of Columbia, Mo., will  
be elected first vice president to suc-  
ceed Mrs. Frank M. Roosevelt of  
Pittsburgh, Pa. Mrs. Thomas Jef-  
ferson Smith, of Kentucky, is said to  
be the probable successor of Mrs.  
Miller as first auditor.

One of the principal matters be-  
fore the convention today was the  
resolution declaring that the pas-  
sage of the federal amendment  
through congress is the paramount  
object of the association.

Plans have been completed for re-  
ceiving President Wilson when he  
will address the delegates in a Board  
of Walk theater. There will be no re-  
ception committee to meet him at the  
station but a guard of honor made  
up of one delegate from each state  
will line up to greet him when he  
reaches the theater. The president is  
expected to arrive at 5:45 P. M. After  
dinner at a hotel he will address  
the delegates about 8:30 o'clock and  
will remain at a hotel here until  
Sunday morning when he will motor  
to Shadyside Park.

The convention defeated by an over-  
whelming vote a resolution that the  
association in the present national  
campaign support only those candi-  
dates for national offices who  
pledge their support to the passage  
of the Susan B. Anthony amend-  
ment. The resolution was offered  
by Mrs. Raymond Robinson, Chicago,  
and a number of other delegates.

Union leaders claimed at noon that  
2500 men were on strike on the sub-  
way and elevated roads and 4000  
men on the green car system.  
Theodore P. Shonis, president of  
the Interborough, announced that all  
of the men who have struck on the  
New York railway line, owned by the  
Interborough, could have their posi-  
tions back with their former places  
of seniority restored if they resigned  
from the union by 1 P. M. tomorrow.

## State Must Have a Highway Department to Get Govt. Funds

Washington, Sept. 8.—Each state  
must organize a highway depart-  
ment before the department of agri-  
culture can cooperate with it in the  
distribution of funds provided for by  
the federal road act.  
A ruling to this effect has just  
been given by the department of agri-  
culture in the case of Indiana where  
there is no highway department.

## SUCHIES IN STREET.

Cleveland, O., Sept. 8.—A well-  
dressed man, about sixty, thought by  
police to be John Grooms of Buffa-  
lo, N. Y., committed suicide on a  
bench in the city square today  
while thousands were passing  
through the square on their way to  
work.

## STRIKE

### WILL BE BROKEN IN 18 HOURS SAYS CHICAGO MAN IN CHARGE.

Elevated and Subway Operate As  
Usual Though Some Cars Were  
Bombarded From House-tops.

New York, Sept. 8.—Having frus-  
trated the efforts of its striking em-  
ployees to tie up the subway and  
elevated railways, the Interborough  
Rapid Transit company today turned  
its attention to its surface lines  
which have been crippled since the  
strike was declared Wednesday night.  
All cars on the so-called "green"  
lines representing the greater part  
of the surface system in Manhattan  
and the Bronx were withdrawn at 8  
o'clock last night after maintaining  
during the day a service barely twenty  
per cent. of normal.

When the surface cars were start-  
ed out again at 8 o'clock this morn-  
ing the situation was in charge of  
James T. Waddell, known as the  
king of strikebreakers. Mr. Waddell  
came here from Chicago last night,  
making the run by special train in  
twenty hours. He promised to crush  
the strike in forty-eight hours.

"I have 3500 strikebreakers  
here," said Waddell, "and 2700 of  
these are now working. They are  
more than enough to control the situ-  
ation."

Subway and elevated trains ran  
last night and this morning as usual.  
Fearing that the strikers would be  
able to interrupt this service, thou-  
sands of persons yesterday patronized  
the multitude of jitney automobiles  
that mobbed at every impor-  
tant center, but today the traveling  
public returned to its accustomed  
routes by subway and "L."

A number of elevated trains were  
attacked during the early morning  
but in no case was there any ap-  
proach to a mob riot. Strike sym-  
bolizers on the roofs of tenement  
houses bombarded the trains with  
bottles and bricks and in one in-  
stance the bullets took effect, but several  
passengers were cut by missiles and  
broken glass. The police surrounded  
the blocks from which the missiles  
came and searched the roofs but  
made only a few arrests.

Plans of a plot to blow up the  
subway caused the police to maintain  
a watch at every underground sta-  
tion but the subway trains ran dur-  
ing the night and early morning  
without molestation.

The strike thus far, according to  
Mr. Waddell has cost the traction  
company \$200,000.

Fifty per cent. of the green cars  
of the New York Railway Co.'s sur-  
face system were running the com-  
pany announced.

Union leaders claimed at noon that  
2500 men were on strike on the sub-  
way and elevated roads and 4000  
men on the green car system.  
Theodore P. Shonis, president of  
the Interborough, announced that all  
of the men who have struck on the  
New York railway line, owned by the  
Interborough, could have their posi-  
tions back with their former places  
of seniority restored if they resigned  
from the union by 1 P. M. tomorrow.

## GRIPPLE ELOPES WITH GIRL FROM CO. INFIRMARY

Cadiz, O., Sept. 8.—Harry Umbel-  
bee of Chilesville, a man with one  
arm and three fingers off the hand  
of the other arm, was arrested here  
today charged with kidnapping Dora  
Kovacs, a young woman in the  
Tascara county infirmary, steal-  
ing his employer's automobile and  
driving to this city. The automo-  
bile had been abandoned when the  
gasoline ran out and the couple were  
awaiting the arrival of a train when  
arrested.

## MISSIONARY

### VISITS BLOND ESKIMOS IN ARCTIC REGIONS AND LIVES WITH THEM.

Declares Much Has Been Accom-  
plished Toward Educating Mys-  
terious White Men.

Saskatoon, Sask., Sept. 8.—The  
tribe of blonde Eskimos which Har-  
ry V. Radford of New York, the  
murdered explorer, reported he had  
found on Coronation Bluff, far in  
the Arctic zone, have again been  
visited by a white man. In a letter  
received today from the Rev. H.  
Girling of Emmanuel College by the  
Rev. Dr. Carpenter, principal of the  
college, the missionary announced he  
reached the Fair dwellers of the  
Arctic on October 19, 1915, and re-  
mained with them some time. He  
asserts that he is the first white man  
to dwell among the new-found peo-  
ple, who since their discovery have  
constituted an ethnological mystery  
and formed the goal of unsuccessful  
expeditions.

The letter was dated last Decem-  
ber from "Camp Necessity," ten  
miles from the blond tribe, the first  
of whom the missionary said, he  
found about ten miles east of Coch-  
burn Point.

Referring to the education of the  
new people, Mr. Girling said that a  
great deal already has been accom-  
plished in the direction of vocabu-  
lary and grammar, the fair-skinned  
race has been only a dialectic differ-  
ence from the Mackenzie river Es-  
kimos.

## HUGHES INVADES MAINE FOR TOUR BEFORE ELECTION

Portland, Maine, Sept. 8.—  
Charles E. Hughes entered today up-  
on the second of three strenuous  
days of campaigning in Maine, where  
elections are to be held next Mon-  
day. The nominee left here at 8:40  
A. M. for Lewiston where he was  
scheduled to speak at 10 o'clock.  
Afternoon meetings at Waterville  
and Pittsfield were on the program  
in addition to a night meeting at  
Bangor. A number of brief stops,  
some with short talks and for the  
purpose of shaking hands with per-  
sons at various railroad stations also  
had been arranged.

## FOREIGN LOBBY IN WASHINGTON? WILL INVESTIGATE

Washington, Sept. 8.—A resolu-  
tion by Senator Curtis proposing an  
investigation by a committee of  
three senators of reports that a lob-  
by representing a foreign govern-  
ment had been busy in Washington  
opposing retaliatory legislation  
against Canadian fisheries in the  
revenue bill was sent to a committee  
today and cannot come up before  
next session.

## Germans Renew Fierce Attacks On the Somme Front

Paris, Sept. 8.—Renewed and vi-  
olent attacks were made by the Ger-  
mans on the Somme front last night  
in an effort to regain ground won by  
the French. The war office an-  
nounced today that the German as-  
saults were futile, the French hold-  
ing their ground everywhere.

The German attacks were made in  
strong force on the front between  
Berny and Chauvines, south of the  
Somme. Fighting was especially  
heavy between Verdunovillers and  
Chaunies. The Germans preceded  
their infantry assaults with intense  
bombardments.

The Germans also made an effort  
to regain the ground won by the  
French.

## SALOONIST

Sent to Jail by Federal Court  
Enjoys Auto Rides,  
Says Report

## JUDGE WILL INVESTIGATE

Contempt of Court Action  
Against Jailer May Fol-  
low if Court Finds Pris-  
oner Has Not Been Kept  
Confined—License W. a.  
Revoked—Saloon Propri-  
etor Fights the Case

Columbus, Sept. 8.—United  
States district Judge John E. Sater  
today began an investigation of a  
report that Charles L. Dye, Marietta  
saloonkeeper, convicted of selling  
liquor without a federal license and  
sentenced to six months in the Ross  
county jail at Chillicothe, has not  
been under lock since being sent to  
Chillicothe.

According to a story reaching  
Judge Sater, Dye has had great lib-  
erties, driving about the countryside  
in a high powered automobile which  
he is alleged to have purchased  
since going to Chillicothe to begin  
his sentence.

Judge Sater declared that as far  
as he knew, Dye was under lock and  
key as specified in the sentence he  
had given him. Judge Sater stated  
that if he finds Dye has not been  
locked up he will order him con-  
fined immediately. It is said that  
in such a case some contempt of  
court action may follow.

The Marietta liquor license board  
revoked Dye's state license because  
of his sentence in the federal court.  
Dye claims that conviction by the  
federal government is not sufficient  
grounds for revoking his license.  
His case will be heard at 10:30 next  
Tuesday morning by the state liquor  
license commission.

## TWO CONVICTED FOR KILLING OF DOCTOR LAST FALL

Hamlin, W. Va., Sept. 8.—Ending  
a case which has attracted wide-  
spread interest, Noah Brelles and  
Danar Colgrove were found guilty  
of manslaughter in criminal court  
here late yesterday. They are al-  
leged to have murdered Dr. A. M.  
Parsons, Huntington physician at  
Branchland, in October, 1915.

It was brought out during the  
trial that Dr. Parsons, in self de-  
fense, fatally shot William Brelles,  
father of Noah, over a doctor bill.  
Later Dr. Parsons was shot from his  
bush. A gun owned by Noah Brelles  
was found near the scene of the  
murder.

## OWEGO'S CAPTAIN HAS NO COMPLAINT OVER INCIDENT

New York, Sept. 8.—Details of the  
firing on and stopping of the Ameri-  
can submarine Owego by a German  
submarine in the English channel  
August 3, were told by Captain E.  
W. Barlow of the Owego on her ar-  
rival today from Rotterdam. Cap-  
tain Barlow confirmed cable reports  
that the Owego was used to see the  
submarine because of a threat that  
said that apparently there was no  
intention on the part of the u-boat's  
captain to hit the Owego and added  
that he had no complaint to make.

## NO UNIVERSITY WILL BE BUILT BY PATTERSON

Dayton, Sept. 8.—Private Secre-  
tary Earl F. Rybolt to President  
John H. Patterson of the National  
Cash Register this morning denied  
the story printed in a Cincinnati  
newspaper that Mr. Patterson will  
build a city university here and em-  
ploy P. L. Johnston of Cincinnati  
as leader. School board officials de-  
clared they knew nothing of such a  
plan.

Mr. Patterson is now on a vacation  
trip in the east.

## PRESIDENT LEAVES WHITE HOUSE FOR EXTENDED ABSENCE.

Washington, Sept. 8.—President  
Wilson left Washington at 1 o'clock  
for a stay which may extend until  
after the November election. He ex-  
pects to arrive at Atlantic City at  
5:45 o'clock this afternoon and to-  
night will speak before the Nation-  
al Woman Suffrage association.  
After spending the night in Atlantic  
City he will motor to the summer  
white house, Shadow Lawn, at Long  
Branch, N. J., for an extended stay.  
The President was busy up to the  
time of his departure with work in-  
cidental to the adjournment of con-  
gress.

A staff of secretaries, clerks and  
messengers left for Long Branch  
today and will open executive of-  
fices tomorrow at Asbury Park.

CAPTURE ESCAPED PRISONER.  
Gallipoli, Sept. 8.—Frank Casey,  
formerly of Gallipoli, escaped pris-  
on from Moonsville, W. Va., peni-  
tentiary, was arrested here today.

## Men of Newark

**ERNEST A. SIMS, GENERAL MANAGER OF THE AVERY-LOEB** Electrical company's Newark and Mt. Vernon stores, was born in Washington, D. C., and first entered the electrical world ten years ago in Columbus, O. He began as a helper in electric wiring and advanced step by step through all the departments of the trade to the chair of general manager of one of Ohio's largest concerns.

He left Washington, D. C., at an early age and went to Kingston, where he attended school and later graduated from the high school of that city. Before leaving Columbus for Mt. Vernon to start an Avery-Loeb store, Mr. Sims was sales manager and superintendent of construction for the McKeever Electrical Co. A short time after starting the Mt. Vernon store, Mr. Sims came to Newark and opened another store for his company. The staff of the local store has been greatly increased as the business has grown to five times what it was the first year. He is reigning officer of the Jovian Order in this district, a K. of P., a D. O. O. K., and a member of the Chamber of Commerce, being representative of the electrical group of the Membership Council.

## 400,000 WIDOWS WILL BENEFIT BY ASHBROOK BILL

President Wilson in Washington this morning affixed his signature to the Ashbrook widows' pension bill, passage of which by the senate was announced in the Advocate dispatches yesterday.

The bill provides a pension of \$20 a month for all soldiers' widows who have attained the age of 70 years. It also contains the important provision "that any widow who married the soldier or sailor prior to the passage of this act shall have title to pension to commence from the date of filing her application in the bureau of pensions after the passage of this act."

Another paragraph limits pension attorneys' fees in each case to \$10. "I do not know how much the bill will cost," said Mr. Ashbrook last night. "We do not know how many widows there are who have attained the age of 70 years. Roughly, I would say that the bill will add \$9,000,000 or \$10,000,000 to the pension roll, and it might run as high as \$15,000,000."

The Ashbrook bill will benefit about 400,000 soldiers' widows whose marriages to civil war soldiers occurred prior to June 30, 1915.

Washington correspondents are agreed that the "passage of this important bill by the senate is a tribute to the everlasting persistency of Representative Ashbrook."

Congressman Ashbrook witnessed the president's signature to the new law in Washington today. Mr. Ashbrook is happy over the success his bill has met and is delighted because it is further evidence of the fact that he is a real friend of the old soldiers.

## BIPLANE FALLS; LEARNERS ARE BADLY INJURED

(Associated Press Telegram) New York, Sept. 8.—Flying at a height of between 600 and 700 feet over Governor's Island today, a biplane containing J. Walter Struthers and Charles D. Wilman, student aviators in training for the aero reserve corps, became unmanageable and fell to the ground.

Each aviator had one leg broken and received cuts and possibly internal injuries. Both are expected to recover.

At any rate when money burns a hole in your pocket it isn't burning a hole in some other fellow's.

## WILSON IS HELD FOR INJURY TO THREE PEOPLE

Zanesville, O., Sept. 8.—Lynn B. Wilson, Newark contractor, will go to a hearing today before Magistrate Carson on a charge of fast driving yesterday on the National Pike, as a result of which three persons were more or less injured in two accidents.

According to stories told to the authorities, Wilson's automobile crashed into a team driven by Scott Norman, swerved across the road and ran down two laborers, both of whom were more or less injured. Four hours later, after giving bond for his appearance in the squire's court, Wilson's machine again figured in an accident when it crashed into an automobile driven by Frank Bolin of Zanesville. Mrs. Bolin was cut about the face when she was thrown against the windshield. Both cars were badly damaged.

One of the horses struck by the Wilson automobile in the first accident was so badly injured that it had to be shot. It is said that Mr. Wilson wrote a check for \$50 to pay the owner for the animal's loss.

Grover Steinfather of Anamheim, Cal., a cross-country motorcycle tourist, was one of those run down by Wilson's machine in the first accident and he was taken to a Zanesville hospital in a serious condition from injuries to his head and chest. John Stewart, his companion, was rendered unconscious and was taken to his home. Both men were working along the road when Wilson ran into them. Steinfather went broke on a trip from Los Angeles to New York and took a job on the pike a few days until he could replenish his purse.

An effort was made by the Advocate this morning to secure a statement from Mr. Wilson but he was out of the city.

### ASHBROOK'S

(Continued from Page 1.) Some further communication to present. They were joined by Representatives Kitchen, Fitzgerald and Mann, the house committee and the joint committee waited on the President at 9:35 a. m. The President congratulated the leaders on the opportunity for a "well earned rest." Officially he informed them that he had nothing further to communicate to the congress. When they left the president's room the chief executive was joined by Secretary Lansing, who chatted with him as he continued to sign bills.

Senator Kern notified the senate at 9:55 o'clock that the President had nothing further to communicate. Thereupon Senator Nelson of Minnesota offered a resolution of thanks to the vice-president for his impartial conduct in presiding over the senate. The resolution was adopted and the vice-president thanked the senate in a brief address. Thereupon the senate adjourned sine die at 9:59 o'clock.

Because of the arrangement for adjournment of congress this morning the President cancelled the cabinet meeting and several engagements with senators and representatives.

In a statement issued following the adjournment of congress, President Wilson called attention to the helpful and humane legislation passed and declared that while he regretted additional legislation dealing with the recent dispute between the railroads and their employees had not been completed he had very reason to believe the question would be taken up immediately after congress resumes.

The President's statement follows: "A very remarkable session of congress has just closed, full, as all recent sessions of congress have been, of helpful and humane legislation which constitutes contributions of capital importance to the defense, the economic progress and the wholesome life of the country."

"It is to be regretted that the session could not have continued long enough to complete the program recently projected with regard to the accommodation of labor disputes between the railways and the employees."

"But it was not feasible in the circumstances to continue the session any longer and therefore only the most impressive part of the program could be completed."

"The rest, it is agreed, has merely been postponed until it can be more maturely deliberated and perfected. I have every reason to believe that it is the purpose of the leaders of the two houses immediately upon the reassembling of congress to undertake this additional legislation. It is evident that the country should be relieved of the anxiety which must have been created by recent events with regard to the future accommodation of such disputes."

### MAYOR RUNKLE GETS MILITARY TITLE RESTORED.

(Associated Press Telegram) Columbus, Sept. 8.—Major Hugh L. Runkle of Kenton, selected by the state building commission to have charge of the Wyanett building, the purchase of which by the state has been held up by a court action back by the Columbus Chamber of Commerce, today was transferred from the retired list of national guard officers and restored to active duty with the rank of lieutenant colonel. He has been assigned to the quartermaster's corps, succeeding Colonel E. M. Peoples, who was assistant adjutant general during the Cox administration and is now in business at Huntington, W. Va. The order restoring Major Runkle to active duty and promoting him was issued through the adjutant general's office.

"A burned child dreads the fire," quoted the Wise Guy. "And many a fellow's fingers have been burned by a love match," added the Simple Mug.

## MEETUP NAMED RESIDENTS

George E. Meetsup, general manager of the Meetsup Company, and Walter C. Meetsup, president of the Newark Trust Company, were elected first and second vice president respectively at the meeting last night of the members of the chamber of commerce.

The three officers were elected to a program of next meeting, and it was decided to hold meetings the first and third Thursday in each month.

The meetings will be in the nature of an open forum.

The meetings are to be held promptly at 7:30 o'clock and will in session to exceed over an hour and fifteen minutes.

R. B. Rutherford, representative of the contractor's group, spoke in favor of the chamber of commerce and the building change to work in union. The manager will address the builder at a meeting some time next week.

At special times designated, the council decided to hold 10:00 o'clock luncheons, bring speakers to Newark for the occasion and to notify and invite members of the chamber to participate.

## THREE APPLY FOR MEMBERSHIPS IN CHAMBER OF COMMERCE

Three applications for membership into the Chamber of Commerce were reported last night at the meeting of the finance and membership committee, of which J. S. Elliott is chairman.

The applicants were F. J. Moore, district superintendent of the Ohio Electric Lines, H. B. Coen, new county agent for the Ford automobile, and W. J. Timpson, the new manager of the When store. The applications were endorsed to the board of directors for election. Newark's Chamber of Commerce now is 571.

A demonstration in salesmanship was given, K. D. Dickerson assuming the role of salesman and selling a membership to A. S. Stepan, who assumed the role of a physician. S. E. Alban was named to sell C. D. Upson a membership at the next meeting.

In order that the salesman for the organization would be familiar with the lines of goods they are selling, the manager read from his minutes the work done today by the industrial bureau. At the 13 meetings held by this bureau there has been a total membership of over 100 present in all. Over a dozen propositions have been considered and a number turned down, because of impossible financial considerations asked for by the concerns.

Chairman Elliott's committee was more than pleased with the hard work that has been done by the industrial bureau in promoting the growth of local industries and in securing new industries.

## CHILD SWALLOWS IODINE; PROMPT ACTION SAVES HIM

William, the two year old son of Mr. and Mrs. Charles Patton, 3417 West Church street, this afternoon was suffering from a number of burns in his mouth, the result of drinking some iodine. His condition is not serious.

Early this morning, Mr. Patton was sitting on the front porch of his home applying some iodine to an injury on one of his hands. The car which he was to take to work passed the house. Settling down the bottle of iodine, Mr. Patton hurried to catch the car.

The child playing around the porch discovered the bottle and before his mother could reach his side, swallowed some of the contents. Dr. W. J. Kennedy was called and relieved the little fellow's suffering.

A Shell Game.

A gentleman who dined regularly at a certain restaurant often ordered a dozen clams. One day he counted them and found but eleven. Still another day the dozen was one short. He called the waiter and asked him: "Why do you give only eleven clams when I order twelve?"

"Oh, sir," replied the waiter, "I didn't think you'd want to be sitting thirteen at a table, sir."—The Christian Herald.

Marriage is a contract which even those who marry for love are not always able to live up to.

Abe Martin

## DAVIDSON'S SHOP MODERN IN EVERY WAY

A new chair has been installed in the Wallace Davidson barber shop on North Third street just opposite the Arcade, making it one of the most complete modern and up-to-date barbershops in the city.

The sanitary arrangements are all that could be desired and Mr. Davidson gives all details his personal attention, being overlooked that would tend to the comfort and convenience of his patrons.

Ed. Davidson is in charge of chair No. 1, Henry Wells chair No. 2, Doug. Neal, No. 3, Charles Gibson chair No. 4 and Mr. Davidson chair No. 5. All have their friends to drop in and see them and are given assurances that they will be treated to the consideration which should be their due in any first class shop.

Mr. Davidson will endeavor at all times to keep nothing on hand except first class barber supplies and his employees are men of experience in their line. You will always find a cheerful welcome at the Davidson shop.

## The Courts

**Marriage License.**  
Frank C. Ford, a teamster, and Edith M. Smadley, both of this city, were married.

**Guardian License.**  
John C. Brake, a farmer of Zanesville, O., and Miss Verna M. Spaulding, Jersey township, Rev. L. C. Spaulding officiated.

**Driving Licenses.**

Up to 12 o'clock this afternoon only 12 driving licenses had been issued since Jan. 1. Last year at this time over 1200 licenses had been issued. Having been issued in one day and a special clerk was necessary for a time to take care of the applicants, he desired a license to hunt. The first license taken out this year was on Jan. 13. Possibly that was an unlucky day and accounts for the dearth in hunters. The real reason may be however that ammunition has advanced in price almost one-third.

**Real Estate Transfers.**  
Katie Petsch to Kenneth G. Jones, west half of east half of lots 3512, 3515 and 3518 in Eddy's M. Pleasant addition, \$1800.

Thomas H. Palmer, et al. to William Nathan Selby, 35.56 acres of land in Newark tp., \$4, etc.

## PARK COMPANY INCORPORATED FOR NEXT SEASON

The Buckeye Lake Park company was incorporated at Columbus today for \$120,000, only two incorporators being named, B. F. Gayman and P. Howard. The Del Fisher boat line was also incorporated for \$30,000, the same two incorporators being named.

Neither Mr. Defenbaugh or Capt. Fisher could be located at the park. They are the lessors and have plans in view which will greatly enhance the value of the park as a summer resort. It includes the erection of a number of new buildings and a beautifying of the grounds as well as the installation of amusements which are popular at the big summer resorts of the east.

Mr. Defenbaugh announced some time ago that the company would be incorporated and that a great many improvements were under consideration but he was not ready at that time to make them public.

## REV. DARLING EXONERATED BY M. E. CONFERENCE

(Associated Press Telegram) Lima, O., Sept. 8.—Rev. J. D. Darling, formerly of Columbus, charged with improper conduct, was exonerated by the Methodist Episcopal conference here today. The charge was that he had been receiving love notes from young women. Darling recently resigned as secretary of the Ohio state Sunday school association.

## The Sick

Mrs. H. A. Vogelmeier of the Scott building is slowly recovering from a serious illness of peritonitis. Mrs. Jennie Brown of the Meyer & Lindorf store is confined to her home in South Fourth street, suffering with an abscess on her arm.

**BLAME MILK SUPPLY.**  
While there are a few cases of typhoid fever in this city, other places are suffering an epidemic. This is particularly noticeable at Marion, it having the worst typhoid epidemic in twelve years. Unsanitary milk is blamed.

**ON TRIP TO AKRON.**  
Safety Director Cecil A. Biebee and P. M. Blair, former engineer for the Blair Motor company, left today on a business trip to Akron. It is understood that Mr. Blair intends to take a new position with an Elvira automobile concern as consulting engineer. Mr. Blair and Mr. Biebee have associated in the operation of his service in Hudson avenue and on the National Pike.

There are twice as many people in the United States as in 1880, three times as many as at the outbreak of the Civil War and five times as many as in 1849. The increase between 1910 and 1915 is said to have been equal to the entire population at that time of the Revolution.

**LEGAL NOTICE**  
Bert R. Butler, whose place of residence is unknown, will take notice that on the 24th day of August, 1916, Therie Butler filed her petition in the Probate Court of Licking County, Ohio and being case No. 749 on the docket of said court, praying a divorce from said Bert R. Butler on the ground of gross neglect of duty, and that said cause will be for hearing on and after the 14th day of October, 1916.  
PHERIE BUTLER  
S-1F161 W. A. HITE, Attorney.

Congress established a Tariff Commission; a Government Shipping Board to rehabilitate the American merchant marine; a Workmen's Compensation Commission to administer a new uniform compensation law; a Farm Loan Banking system; a Child Labor law; enlarged the system of self-government in the Philippines and enacted many other important laws which had been contemplated by the administration.

The session was disturbed throughout by frequently recurring threats of foreign complications from the European war and imminence at one time of a diplomatic break with Germany; interference with American mails and commerce, invasion of American soil and killing of Americans by Mexican bandits, and danger of actual war with Mexico.

Later in the session trouble arose in the Senate over the nomination of Louis D. Brandeis, of Boston to succeed the late Justice Lamar as a member of the Supreme Court. Weeks of investigation and deliberation by the Judiciary committee ended in confirmation of Mr. Brandeis by a large majority.

In the week before adjournment congress was occupied with legislation which prevented a threatened nationwide railroad strike. President Wilson, after futile negotiations with officials of the railroads and railroad brotherhoods, submitted the controversy to congress, recommending legislation to avert the strike and to prevent such emergencies from arising in the future.

After a week of consideration during which the president visited the capital daily conferring with administration leaders a bill was passed to establish an 8-hour day as a basis for pay of railroad workers, the present rate of pay for ten-hour work, not to be reduced and the men to receive pro rata pay for work in excess of eight hours, pending an investigation by a special commission into the effect of the eight-hour day or railroad revenues.

Most important legislative enactments of the session, exclusive of laws for national defense, included the following:

Government Ship Law—Appropriating \$50,000,000 to operate ships in foreign and coastwise trade when unable to lease them to individuals or private corporations.

Child Labor Law—Denying interstate commerce to products of mines and quarries employing children under 16 years of age and factories, mills, canneries and other establishments employing children under 14 years.

Rural Credits Law—Establishing a Farm Loan Board in control of a system of Farm Loan Mortgage Banks.

Workmen's Compensation Law—Providing uniform sick and accident benefits for employees of the Federal Government, and benefits to dependents in case of death.

Emergency Revenue Law—Providing for doubling the normal income tax on the lowest class; making an additional surtax ranging from one per cent on the portion of incomes exceeding \$20,000 to 13 per cent on amount of incomes in excess of \$2,000,000; levying a graduated tax of one to ten per cent on inheritances ranging from \$50,000 to \$5,000,000; a ten per cent net profit tax on manufacturers of munitions, five per

cent on insurance companies.

Railroad Eight-Hour Day Law—Establishing eight hours as the standard for reckoning the compensation of railroad employees operating to trains interstate commerce after January 1, 1917, and providing for a commission of three to investigate the effects of the eight-hour standard, present wages not to be reduced during the investigation, nor for thirty days thereafter, and work in excess of eight hours to be paid for at a pro rata rate.

Tariff—Creation of a non-partisan Tariff Commission of five members to investigate and advise Congress on tariff revision; repeal of the free sugar provision of existing tariff law, amendments increasing duties on dyestuffs to encourage manufacturing dyestuffs in the United States; enactment of an anti-dumping provision to prevent dumping of foreign made goods at less than foreign market prices, authorization for the President to retaliate against foreign nations prohibiting importation of goods from the United States by laying an embargo against imports from offending nations.

Cotton Futures Act—Providing a prohibitive tax on cotton sold for future delivery in fictitious or wash sales.

Philippines—Law to provide for a more autonomous government of the islands, enlarging self government, reorganizing election laws, establishing an elective Senate and promising independence whenever, in the judgment of the United States the Philippine people demonstrate capability for it.

Appropriations for all purposes were:

Agriculture, \$24,948,552; army, \$267,396,530; diplomatic, \$1,355,096; District of Columbia, \$12,841,967; fortifications, \$23,748,070; Indian affairs, \$19,967,644; legislative and executive, \$37,925,690; military academy, \$1,225,042; navy, \$313,300,655; pensions, \$158,055,000; postoffice, \$322,337,673; river and harbor, \$40,598,135; sundry civil, \$128,293,253; permanent appropriations, \$121,074,473; shipping bill, \$30,100,000; deficiencies, \$72,509,000; rural credits, \$6,100,000; roads, \$6,000,000; floods, \$2,000,000; Grand total, \$1,677,582,682.

In addition to the total there were authorizations for expenditures in future years including naval, good roads, tariff commission and other expenditures to bring the total to approximately two billion dollars but these amounts do not properly apply to the appropriations for the fiscal year.

In addition Congress enacted an unusually large amount of miscellaneous legislation, including reorganization of the Patent Office; provision for trial of spare system in place of weight system for payment for railroad mail service and leaving to the Interstate Commerce Commission determination of the method and rate of pay; Creation of a National Park Bureau in the Department of the Interior; establishing

house regulations for cotton and providing a new grain extension for a year of 1917; but war risk insurance law making bills of 1916.

Legislation which failed to pass has gone over unrecorded. It includes the Immigration and Naturalization act to restrict expenditures for election of President, vice president and members of Congress, a vocational education bill passed by the House, a conservation legislation in the Public lands water power bill which failed in conference, the oil leasing bill including the oil leasing of California oil men, a flood control bill which passed the House, and a bill to establish citizenship for natives of Porto Rico.

Four treaties were ratified by the Senate. The most important was the long pending Nicaraguan convention providing for the acquisition of a canal route and naval station rights in the Bay of Fonseca for \$3,000,000, and that ratified in the closing hours provided for the purchase of the Danish West Indies for \$25,000,000. Another was the treaty with the Republic of Haiti providing for an American financial protectorate. The much-disputed pending treaty with Colombia after several years of consideration was favorably reported from the Foreign Relations Committee with an amendment reducing from \$25,000,000 to \$15,000,000, the proposed amount to be paid for the partition of Panama. The treaty however, was never taken up in the Senate because of unrelenting opposition to it on the part of many Senators and it remains on the calendar.

The committee at the time of adjournment still had under consideration the proposed treaty with Denmark for purchase of the Danish West Indies for \$25,000,000, a treaty with Great Britain providing for protection of migratory birds on both sides of the Canadian border was ratified. Death claimed four members of the Congress during the session, Senators Shively of Indiana, and Burleigh of Maine, and Representatives Brown and Moss, both of West Virginia. Representative Witherspoon, of Mississippi, died just before the session began.

It never rains but it pours, even in a dry town.

**LEGAL NOTICE**  
Probate Court, Licking County, Ohio. James S. Williams, Administrator of the Estate of Thomas B. Painter, Deceased, Plaintiff.

The Utica Savings Bank, a Corporation and John Doe and Richard Roe, unknown heirs of the Decedent, Defendants.

John Doe and Richard Roe, the unknown heirs of the said Thomas B. Painter, deceased, whose names and residence are unknown, will take notice that James S. Williams, Administrator of the Estate of said Thomas B. Painter, deceased, filed his petition in the Probate court of Licking County, Ohio, on the 24th day of August, A. D. 1916, filed his petition in the Probate court of Licking County, Ohio, asking the personal estate of said deceased to pay his debts and the charges of administration, and the following described real estate to him:

Situated in the state of Ohio in the County of Licking, and in the Township of Washington, being a part of the south part of lot number Eight in the Second quarter of the Fourth Township and Fifth Range of the United States Military Lands of Ohio, and bounded as follows:

Beginning at a stone at the northeast corner of said lot, said stone being on the line and at the corner dividing the lands of Knowlton and Alsdorf from the lands formerly owned by Christian Stout; thence south twelve rods along said line; thence west of the center of the road leading from North street in the village of Union, Ohio, to the village of Martinsburg, Ohio, known as the upper Martinsburg road, thence northeasterly along the center of said road to the line between the lands of Knowlton and Alsdorf and Christian Stout; thence east along said line to the place of the beginning, being a stone twelve rods in width taken from the north side of the east end of said lot number eight, and containing three or more or less rods the same premises conveyed to William G. Cable by John W. Hobbs, by deed recorded in Vol. 214, Page 204, of the Licking County records.

The said James S. Williams, Administrator, claims to hold a mortgage thereon of (\$300) three hundred dollars, and he claims to be entitled to the same premises conveyed to William G. Cable by John W. Hobbs, by deed recorded in Vol. 214, Page 204, of the Licking County records, and that John Doe and Richard Roe, unknown heirs whose names and residence are unknown, have been notified that they have been made parties defendant to said petition and that they are required to answer the same on or before the 4th day of Nov. A. D. 1916.

JAMES S. WILLIAMS, Administrator of the Estate of Thomas B. Painter, Deceased.  
George W. Williams, Atty. for Plaintiff.  
9-1-F161.

**Home Furnishing**

The Days of "Golden Oak Upholstered in Green Plush" have gone never to return.

We select our rugs, our lamps, our draperies to harmonize with our furniture in every room in order to make our homes attractive, first to ourselves and then to our friends. We have been busily engaged for weeks assembling the new things in furniture and furnishings, designed according to the ideas of good taste today, and constructed according to the highest standards of quality and craftsmanship.

**Reliable Furniture---Beautifully Designed, Moderately Priced.**

**This Large Overstuffed Davenport With Triple Cushion Seat**  
—JUST AS PICTURED—  
TERMS, \$5.00 CASH; \$5.00 MONTHLY

**\$50**

Here is a detailed description of this beautiful Davenport

80 inches long, 32 inches wide and 36 inches deep

This is a crowning achievement in supreme value giving

To give you some idea of the extreme resiliency of the comfortable upholstery we have only to say that there are in all twenty-seven springs in the seat and thirty-six springs in the back, and upholstered over these springs is a soft covering of moss and cotton, adding not only to the comfort of the Davenport itself, but also making it absolutely sanitary.

Those are the massive dimensions of this great overstuffed Davenport. Just measure 80 inches off on the wall of your living room and you will have a good idea of how this Davenport will look in your home. The illustration is an exact reproduction in every detail. We will give you your choice of five different patterns of tapestry.

It is, as far as we know, the most remarkable upholstered furniture value ever advertised in any local paper. We have in times past presented some truly remarkable values, but this is the crowning achievement of them all. In comparison all other special attractions fall into insignificance. This is a strong statement, but one which is easily verified when you see the Davenport itself.

**NEW CURTAINS & DRAPERIES**

A splendid assortment of new decorative cretonnes, new fall material in wide variety of colors and designs. Embraced in this vast assortment will be found cretonnes in designs and colorings suitable for bed rooms, living rooms, dens, etc. Also a complete line of serims and marquises.

Dainty, well made, inexpensive, quality curtain as pictured is made of fine quality very sheer mercerized scrim, hand drawn work, cluny pattern motif embroidered onto the scrim, fall pattern torchon lace edge. Arab color, 2 1/2 yards long, by 38 inches wide.

**SPECIAL PRICE**  
**\$2.25**  
A PAIR

ESTABLISHED IN 1820

Entered as Second Class Matter  
March 10, 1882, at the postoffice at  
Newark, Ohio, under the Act of March  
3, 1879.It is never a good plan to swap  
horses while crossing a stream of  
water.—Abraham Lincoln.

## Deeds, Not Words.

Postmaster General Burleson recently forwarded to the Treasury Department a check for \$5,200,000, the amount of the surplus in postal revenues for the past fiscal year. According to Secretary of the Treasury McAdoo it was the third time since 1836 that surplus postal revenues have been deposited in the Treasury, all those being since the beginning of President Wilson's administration.

In the fiscal year 1913 the surplus was \$3,800,000 and in 1914 it was \$3,500,000.

At about the same date that the check above mentioned was sent to the Treasury Department, a tentative allotment of a million dollars for construction and maintenance of roads and trails in national forests was announced by Secretary of Agriculture Houston. This amount is to be expended during the present fiscal year out of the \$10,000,000 appropriated by the Federal Road Act. By the terms of the act, the states are requested to co-operate to the extent of at least 50 per cent. of the cost of surveys and construction.

## Red-Headed League.

The Red Head at last has come to his own. Formerly he was a pariah. Mothers used to say to their red-headed daughters, "Daughter, you will never be pretty, but if you are good, people will love you just as well."

Which to the feminine heart was a sentence of social death.

But now the news dispatches are telling of the organization at Indianapolis of the Red Headed League of America. Four hundred flaming tops gathered from five nearby states to hold the first annual gathering. The only qualification for membership is the possession of a head of red hair. The owners thereof glory in the distinction.

Quite a contrast it is from the days when one youngster's sorrel top was tactlessly referred to by his teacher.

"My hair is not red," he whimpered, "but a beautiful shade of auburn." Thus he was repeating the consolation with which his pitiful mother tried to soften a lifelong grief.

The old saying that if you saw a red-headed girl, you would soon see a white horse, was a precursor of the new point of view. It suggested a dim first perception of the power and fascination of the golden head. Now for many years our bellies pay down good money for imitations of a color once despised and trodden under foot.

The red-headed man is not yet considered a thing of beauty. He used to be regarded as a merely quarrelsome, bumptious, always turbulent fellow. But today we value him for a quality that grows

## Daily History Class—Sept. 8.

1781—Battle of Eutaw Springs, S. C.; British defeated.  
1855—Siege of Sevastopol ended; retreat of the Russians.  
1900—Galveston devastated by a West India hurricane; 7,000 deaths and a property loss of \$25,000,000.  
1914—Von Klock fell back from Paris toward the Aisne.  
1915—Zeppelins dropped bombs on London. German crown prince launched a violent and successful attack in the Argonne.

## ASTRONOMICAL EVENTS.

Aldebaran (Taurus), known as the Eye of the Bull, rises nearly east 10 to 10:30 p. m. Planets rise, p. m. Venus, Mercury, Mars; a. m. Saturn, Jupiter.

## Lack of Male Stenographers

The government seems to have difficulty in securing male stenographers. A recent circular states that nearly 200 appointments are soon to be made. To get them, examinations will have to be held all over the country September 12 and 26. But while applicants for other civil service appointments are sleeping on the doorsteps of their congressmen, no rush of candidates for this position is expected. What has become of the male stenographers?

Newspaper reporters are asked almost every day if they are familiar with shorthand. This is because the public conceives of a reporter as spending much of his time in taking down long reports of speeches. In actual practice the reporter soon finds that he can get down in long hand four times as much as his paper will print. Few men in this business ever find it worth their while to acquire stenography.

In mercantile and manufacturing lines few fellows consider it of any large use. To an ambitious man, knowledge of shorthand might even prove a detriment. It would tend to keep him at merely clerical work, when he ought to be out getting his hands dirty while he was learning processes and materials.

Probably the government, like private enterprises, will have to depend more and more on women for stenography. The limitations that custom still throws about women's work makes this field peculiarly popular. There are many capable girls who would like to plunge into the heart of a business in overalls and jumpers like their brothers. But society would be shocked. They are not ready to defy society.

So the girls will undoubt'ly monopolize this field or near-keeping will crowd it too full. This down the rates of the men drives out of the support a family, who ever exclaims Sam must run. No wonder, to find his 200 ex-sack thead men.

Lincoln the Practical Man.

(Pittsburgh Gazette Times.)

We have President Wilson at his best on the, to him, familiar ground of homiletic discourse, such as the charming address he delivered in actual birthplace at Hodgenville, Ky. The student, the scholar, the teacher, the preacher, here takes his stand with assurance that the abstractions with which he deals certainly will prove helpful to his hearers in opening to their understanding something of that which he feels from the examination which he has given to his subject in the privacy of his study. Mr. Wilson's delightful platform style, his rich, unctuous voice, are particularly suited to forensic efforts like that of Labor Day. The way in which he said it, no less than what he said, must have impressed his hearers profoundly.

In his analysis of the vitality and the mystery of democracy as exemplified by the rise and growth of Lincoln, Mr. Wilson presents to thoughtful Americans a point that should be most carefully considered today. "Lincoln," he said, "like the rest of us, was put through the discipline of the world—a very rough and exacting discipline for every man who would know what he is about in the midst of the world's affairs; but his spirit got only its schooling there. It did not derive its character or its vision from the experiences which brought it to its full revelation. The test of every American must always be, not where he is, but what he is. That, also, is of the essence of democracy, and is the moral of which this place is most gravely expressive."

Lincoln, were he with us, would be enthusiastically re-elected President for "what he is." The rough school of the world in which he learned fitted him for the exacting duties of the office. He was a practical man, with all his fineness of character and vision. When tried he was not found wanting. But it was the employed teachings of practical experiences by which he profited that made him acceptable and serviceable to the people of the United States. Had he been less practical all the beauties of his character which we admire so much would not term. It is because Lincoln with all his vision was not visionary that he is revered and that the nation rejoices to have his birthplace for a shrine.

## Fortunes in Popular Songs.

(Philadelphia Ledger.)

The talking machine has put new pep and much money in old songs. Heirs of Hart Danks, who wrote "Silver Threads Among the Gold," aver in their lawsuit that publishers of his songs reaped a profit of more than \$100,000 in recent years.

Danks himself made only a modest fortune out of his immortal ballad. Septimus Winner sold his equally famous "Listen to the Mocking Bird" for \$35.

Publishers of that song gathered in \$3,000,000 from the sale of it. Ardit received a puny \$250 for his recently popular "Kiss Waltz," but those who put it on the market made \$80,000.

Eugene Cowles, you recall that voice that came up from his boots in "Robin Hood," was more fortunate. His little song "Forgotten" netted him \$16,000.

"The Merry Widow" waltz was the top-notch in popularity. In three years 3,000,000 copies of it were sold in Europe and \$4,000,000 worth

of the music.  
United States.  
Sir Arthur Sullivan.  
lent sums of money.  
His yearly income was  
\$150,000.

The poet tells us that  
and time is fleeting,  
one who has found aff-  
but wide and thick. One  
erica netted the Polish pi-  
000.

We hear constantly about  
songs, but no popular song  
old—old compared with  
poems, histories and some  
forms of art.

Much the oldest really  
song which we hear now  
"Drink to Me Only With  
Eyes," Ben Jonson wrote  
three centuries ago.

## Blundering Forward

(Columbus Dispatch.)

Thomas A. Edison has the  
of expressing himself with  
able clarity in a very few  
Note his comment in announce-  
intention to support President  
son:

"They say that he has blun-  
Perhaps he has. But I notice the  
usually blunders forward."

No more terse and conclusi-  
swer has been made to that on-  
peated criticism of the president  
deserves a place on the tongue of  
every loyal citizen, who, in all fair-  
knows that the president is only a  
man, but that in his "Blundering-  
ward" he represents the  
achievements for mankind.

Mr. Edison's keenness of great-  
bit upon the reason why States.

est presidents of

ships.

(Philadelphia Record.)

People are crusty because  
the way they were bred.  
man who save a little money  
by saves himself a lot of trou-

If virtue is its own reward, the  
lack of it should also be its own  
punishment.

When a man takes offense easily  
the rest of the world keeps him busy  
taking it.

Don't sneer at the fellow who  
knows it all. He may really know  
something, after all.

Even the people who want the  
earth are weighed in the balance and  
found wanting.

Every man may have his price,  
but you can't always return him and  
get your money back.

Some people are so high and  
mighty they have an idea we ought  
to approach them in an elevator.

## Spirit of the Press

Preparedness for national defense  
may at any time mean the preserva-  
tion of the nation. It should be a  
parian issue. It should be a na-  
tional policy. And if the House  
adopts that view that a long step  
will have been taken, not only to make  
the nation strong enough to defend  
itself, but to lift the whole question  
out of the arena of party  
strife and into the sphere of  
sane, road-mended patriotism.  
Milwaukee Journal.

Getting Uneasy About Hughes.  
In his Maine speech Mr. Roosevelt  
mentioned some things Mr. Hughes  
has kept very quiet about. Mr.  
Hughes has not yet complained be-  
cause the United States did not pro-  
test on account of Belgium, nor has  
he endorsed universal compulsory  
military service. The American  
rights committee is getting uneasy  
about Mr. Hughes.—Springfield Re-  
publican.

Senator Lodge's Two Sides.  
Senator Henry Cabot Lodge of  
Massachusetts, denounces President  
Wilson's foreign policy as "a dis-  
grace to the country," and yet the  
Massachusetts senator supported the  
President in regard to foreign policy  
during the last three years. He  
voted with the President in all mat-  
ters pertaining to the Lusitania dis-  
pute; he supported the expedition  
to Vera Cruz; he helped to lead the  
fight against the Gore warning or-  
der resolution. The explanation is  
that, in the Senate, Mr. Lodge fre-  
quently talks as a patriot; on the  
stump he speaks as a stand-pat Re-  
publican partisan.—Louisville Ec-  
clesiastical Post.

Good Duck Weather.  
"This is a Republican year," says  
an exchange. When we say "this is  
good duck weather," we mean that  
it is good weather to kill the ducks,  
and perhaps that is what the Re-  
publican paper really means.—  
Salem (N. J.) Sunbeam.

## Pointed Paragraphs

Sending American mail for China  
and other Oriental countries on  
army transports will give it a pretty  
certain guarantee of reaching its  
destination without seizure or delay.  
—New York World.

If the Zeppelin is a failure, why  
are the British so delighted over  
the opportunity now afforded them  
of learning how to build Zeppelins?  
—Charleston News and Courier.

Mr. Hughes' real attack on Presi-  
dent Wilson is still to come. The  
inside information is that thus far  
Mr. Hughes has just been range-  
finding.—Springfield Republican.

This country did itself of the por-  
tential menace of the old-fashioned  
human pail. It should be able  
to drive out the spectre of indus-  
trial warfare. Chicago News.

Even Colonel Roosevelt is unable  
to show why Mr. Hughes should be  
elected President. Louisville Post.

Representative Bonnet of New  
York, says the eight-hour bill is  
the deadliest blow ever aimed at or-  
ganized labor. Then what is to  
kick a about?—Rochester Herald.

Aunt Collins

A Perfect Lady.  
Cute little Irvin Cobb they say is  
wearing a wrist watch and we sup-  
pose the next thing we hear will be  
that he has adopted pantalettes, as  
we are told that the cotton crop is  
unusually large this year and there  
ought to be enough to make him one  
pair.

Revised.  
Said I, "You've been to business school.  
Please tell me, then, the Golden Rule."  
"No others," he replied, "and do  
them quickly, 'er they first do you."

"It is natural to be naked," says  
a professor of something or other.

\*\*\*\*\*

## PRACTICAL HEALTH HINT.

Prickly Heat.  
Never use soap on a child suf-  
fering from prickly heat. Wash  
its sensitive skin with starch  
water, using a half teaspoonful of  
starch to a small baby tub of  
water. Keep the skin dusted  
with talcum powder. Morning  
and evening the child should be  
sponged from head to foot with  
a solution of bicarbonate of soda  
—a teaspoonful dissolved in a  
pint of hot water. Use when  
lukewarm. The soda water re-  
lieves the burning sensation and  
itching. Unless one has suffered  
from this affection she cannot  
imagine the misery of the little  
child who is covered all over its  
body or in parts with a fine red  
rash that stings, burns and  
pricks like needles. It is some-  
times necessary to call in a phy-  
sician to treat the baby when  
the condition causes great rest-  
lessness and nervousness and  
loss of sleep.

\*\*\*\*\*

The guns used in 1882 at the  
bombardment of Alexandria, Egypt,  
were of 16-inch bore, an inch larger  
than the biggest British naval can-  
non of today, while four years later  
that navy had guns of 16.25 inches  
caliber.

SHE ASKED THAT  
THE GOOD NEWS BE  
PASSED AROUNDMISS LIZZIE WOODWARD GLOW-  
INGLY LAUDS NERV-WORTH.

Here's an entirely new neigh-  
hood Nerv-Worth endorsement. Miss  
Woodward lives in Zanesville. So  
grateful was she for benefits received  
that she went to the drug store  
where she had bought Nerv-Worth,  
and asked the privilege of making a  
statement for the benefit of others.  
These are her words:  
"About the middle of July I was  
greatly run down from overwork.  
Was terribly nervous. Could nei-  
ther sleep nor eat with any satisfac-  
tion. Had headaches to which there  
was scarcely any let-up. Digestion  
was very bad and sick stomach caused  
me frequently to vomit. Liver  
was so disordered that spots swam  
before my eyes and I felt as if I was  
walking sideways. Was so consti-  
pated it had been necessary to take  
salts or other purgatives constantly.  
I began to take Nerv-Worth and  
at the end of the first week a mark-  
ed improvement began. I could eat  
and sleep a great deal better. I  
slept all night. Dizziness passed  
away, and to my very great relief  
there was far less constipation. Am  
on my second bottle (of Nerv-Worth)  
now and believe that when that is  
taken I shall be substantially cured."  
"MISS LIZZIE WOODWARD."

Dollar back at the T. J. Evans  
Drug Store, Newark, if Nerv-Worth  
does not help you. Advertisement.

Some people never know right  
from wrong till they try both.

## Wrinkles

Wrinkles are the face and  
water, hot as may be used  
without discomfort, then dry  
the face with two or three minutes rub  
to the skin gently with the  
tips. No other treatment is  
necessary. This is a wonderful skin  
made from pure nut-oil, guar-  
anteed to contain nothing that will  
cause hair-growth.

Ust is a formula secured in Egypt  
and is said to have been used by  
Cleopatra and other famous  
Egyptian beauties, and handed down  
through the ages until today it is of-  
fered to the women of this coun-  
try. Ust is positively guaranteed to  
drive away wrinkles and restore  
any complexion to its youthful beau-  
ty and freshness.

Ust is not a face cream, but a  
liquid put up in handsome opal bot-  
tles.

Any first-class druggist can supply  
it for 50 cents, but be sure you get  
the genuine Ust in bottles.

The most painful cases of sunburn  
are relieved instantly by Ust.

For sale by T. J. Evans, Erman's  
Original Cut Rate Drug Store and  
dealers everywhere.—Advertisement.

Drink Water to  
Avoid Sickness  
Says Authority

Glass of hot water before breakfast  
daily keeps the doctor away.

Sanitary science has of late made  
rapid strides with results that are of  
untold blessing to humanity. The latest  
application of its untiring re-  
search is the recommendation that  
it is as necessary to attend to internal  
sanitation or the drainage system of  
the human body as it is to the  
drains of the house.

Those of us who are accustomed  
to feel dull and heavy when we  
arise, splitting headache, stuffy from  
a cold, foul tongue, nasty breath,  
acid stomach, can, instead, feel as  
fresh as a daisy by opening the  
sluices of the system each morning  
and flushing out the whole of the in-  
ternal poisonous stagnant matter.

Everyone, whether ailing, sick or  
well, should, each morning before  
breakfast, drink a glass of real hot  
water with a teaspoonful of lime-  
stone phosphate in it to wash from  
the stomach, liver and bowels the  
previous day's indigestible waste,  
sour bile and poisonous toxins; thus  
cleansing, sweetening and purifying  
the entire alimentary canal before  
putting more food into the stomach.  
The action of hot water and lime-  
stone phosphate on an empty stom-  
ach is wonderfully invigorating. It  
cleans out all the sour fermentation,  
gases, waste and acidity and gives  
one a splendid appetite for break-  
fast. While you are enjoying your  
breakfast the phosphated hot water  
is quietly extracting a large volume  
of water from the blood and getting  
ready for a thorough flushing of all  
the inside organs.

The millions of people who are  
bothered with constipation, bilious  
swells, stomach trouble, rheumatic  
stiffness; others who have sallow  
skins, blood disorders and sickly  
complexions are urged to get a quar-  
ter pound of limestone phosphate  
from the drug store. This will cost  
very little, but is sufficient to make  
anyone a pronounced crank on the  
subject of internal sanitation.—Ad-  
vertisement.

Records of the United States pen-  
sion office show the total death toll  
of veterans since the close of the  
war has been 1,816,995. In that  
period the Federal Government has  
paid to veterans, their widows and  
children, \$4,614,643,267.

"The Old Reliable Store where your credit is good"

Hudson avenue of the club day.  
There were no guests and the club  
members who were expected num-  
bered 15.

Mrs. T. A. Cosgrove, of  
Asheville, N. C., was the guest of  
the day at the luncheon at the  
club house. The luncheon was  
held at noon and the guests were  
entertained by the members of the  
club. The luncheon was a success  
and the guests enjoyed it very much.

A pretty afternoon luncheon  
was given by Mrs. T. A. Cosgrove,  
of Asheville, N. C., at the club  
house. The luncheon was held at  
noon and the guests were  
entertained by the members of the  
club. The luncheon was a success  
and the guests enjoyed it very much.

Mr and Mrs. H. D. Woodbridge  
honored Rev. and Mrs. T. A. Cos-  
grove of Asheville, N. C., at their  
home in First street, Thursday eve-  
ning when they entertained with a  
dinner. The table was prettily ar-  
ranged with flowers and the guests  
were Rev. and Mrs. Cosgrove, Mr.  
and Mrs. F. M. Edmiston, Mr. and  
Mrs. George Starrett, Mr. and Wil-  
liam F. Woodbridge, Mrs. Omar Crane,  
Rev. Don Tullis, and Mrs. William  
Newkirk, of Asheville, N. C. The  
guests numbered 30.

Mr and Mrs. T. M. Edmiston en-  
tertained with a luncheon at the  
Moundbuilders' Country Club Thurs-  
day, honoring Rev. and Mrs. T. A.  
Cosgrove of Asheville, N. C. Rev.  
Cosgrove was formerly pastor of the  
Second Presbyterian church here and  
with his wife has been spending the  
summer in Canada with their son  
Kingsley and daughter Kathleen, who  
attend school at Toronto.

The luncheon was delightful in the  
appointments and the guests were  
Rev. and Mrs. Cosgrove, Mr. and  
Mrs. A. B. Schaefer, Miss Marie  
Clouse and Miss Dorothy Edmiston.

Mr and Mrs. E. C. Norris enter-  
tained about forty of their friends at  
their cottage at Buckeye Lake on  
Labor Day. A picnic dinner and  
supper, arranged serv-self style, was  
enjoyed by the guests.

The members of the Centum  
Club enjoyed a delightful dance at  
the Buckeye Lake Yacht Club on  
Thursday evening. The dancing  
party marked the last of the series  
of summer dances.

Brake—Sines.  
The wedding of Miss Verna M.  
Sines and Mr. Clifton C. Brake was  
solemnized at 1039 o'clock Friday  
morning at the parsonage of the  
First M. E. church, Rev. L. C.  
Sparks, the pastor, officiated. Mr.  
and Mrs. Brake will reside on a  
farm near Johnstown.

We should respect the nobility of  
labor, in spite of the fact that love  
laughs at locksmiths.

## Granyille

Special to The Advocate]  
Granyille, O., Sept. 5.—Mrs. Wm.  
Jones, who has been very ill for  
several months, died Thursday after-  
noon. The funeral service will be  
held at her late home in Chorr  
avenue, Saturday afternoon. Burial  
will be made in Maple Grove ceme-  
tery.

Miss Ruth Mills, of Omaha, Ne-  
braska, arrived in Granyille Thurs-  
day night, and will enter Denison as  
a senior.

Rev. and Mrs. C. W. Hartford  
went to Zanesville, Friday afternoon  
and will spend several weeks at the  
home of their daughter, Mrs. (Clar-  
ence Eddy) Mrs. Hartford has been  
confined to her home since Febru-  
ary with a broken hip and her  
friends are rejoicing that she is  
again able to be out.

## Obituary

Enoch Jones—  
Enoch Jones was born in Newton  
township, Licking county, Ohio,  
March 11, 1837. On June 20, 1867,  
he was united in marriage with Har-  
riet A. Williams of Granyille, Ohio.  
To this union were born two chil-  
dren, Burton A., of Columbus, Ohio,  
and Elmer Maurice, of Adrian, Mich.  
Deceased united with the Congre-  
gational church of Alexandria, Ohio,  
on April 11, 1886. He served this  
church in the capacity of deacon un-  
til his removal to Granyille some  
years ago.

Of the immediate family there re-  
mains the widow and two sons, two  
brothers, Edward of Alexandria and  
Maurice of Highwater, three sisters,  
Mrs. Price, of the Welsh Hills, Mrs.  
Nash and Miss Jones of Newark,  
Ohio.

Card of Thanks.  
We desire to extend our heartfelt  
thanks to our friends and neigh-  
bors, L. A. to B. of R. T., White  
Carnation Review of Maccabees, and  
the employees of the Wehrle com-  
pany for their kindness and sym-  
pathy shown us during the illness and  
death of our beloved wife and  
mother, Mrs. Hannah Priest, also  
for the beautiful floral offerings.—  
George Priest and Children. 9-8-1\*

Charles Thomas Deal.  
Charles Thomas Deal, born March  
19, 1849, in Rappahannock county,  
Virginia, died, Sept. 5, at the home  
of T. J. Knight, south of Frazee-  
burg. He was married March 4,  
1868, to Miss Josephine Berry of  
Culpeper county, Virginia, to which  
union 12 children were born. The  
widow and eight children survive.

Charles M. Enoch R. Hugh I. Mrs.  
H. E. Rector of this city. J. Walter  
of Chicago, Lewis E. of Columbus  
Virgil D. of Toledo and Mrs. Will  
Youse of Sandusky. Funeral ser-  
vices were held Thursday at 2  
o'clock, at the home of T. J. Knight,  
Rev. Mr. Loughman, officiating. In-  
terment in Frezersburg cemetery.

Suggestions For  
Home Decoration

The thing of greatest importance in  
the estimation of all authorities in  
home decoration is the value of color  
combinations.

The floor covering is just as important  
as the other decorations, and the  
color scheme of the room in which the  
rug is to be used should be kept in  
mind when purchasing. A red rug and  
blue wall paper would clash, and there  
are many other colors which do not  
combine any better.

On the whole, the plain carpet is the  
more satisfactory, for in time the eye  
becomes tired of the figures in a car-  
pet, as well as those in the wall paper.  
The plain rug with the border a tone  
or two darker will fit into almost any  
color scheme.

The English ingrain rug are being  
used much and wear well. Woven  
rugs made of the odds and ends of old  
carpets are much in vogue at present  
and wear excellently. The shades of  
the old carpet are blended beautifully  
into the new with no definite figure.  
There are many other kinds of car-  
pets and rugs suiting all purposes. But  
quality in a carpet or rug pays, as it  
does in other things.

While the choosing of a good rug has  
much to do with making an attractive  
room, it is only one of the things that  
contribute toward it. The window cur-  
tains, hanging in soft, straight lines  
and made of some white or cream ma-  
terial, will do far more toward making  
the room genuinely attractive than will  
the most expensive and elaborate val-  
ances.

Curious Raincoats.  
When rain falls in tropical countries  
there is no mistake about it. The rain  
comes as if it meant to sweep away all  
such trifles as trees and bushes. A  
man who goes out in this deluge must  
protect himself, but he finds that a  
mackintosh of the lightest kind has  
its disadvantages, for if it keeps the  
rain out it also keeps the heat in.

The raincoat devised by the Mexi-  
cans is called a "chino" and is so por-  
ous that the heat of the body readily  
escapes, while, owing to its construc-  
tion, it keeps the wearer dry. The  
chino is made of numberless long, nar-  
row strips of dried palm leaf, one end  
of each strip being woven into a light  
fabric and the rest falling loose. The  
wearer of this garment rustles as he  
walks, and the rain pattering upon it  
makes a pleasant sound. Arrived at  
the house, he takes off his palm leaf  
hat, shakes it and hangs it up to dry.  
Then he slips off his chino, shakes that  
also and hangs it up. He himself is un-  
touched by the rain, but the chino as  
it hangs up looks like a huge, damp  
brown cassock.

Don't judge by appearances. Many  
a man has a lion's face when he is  
really short.

## Personal

Mrs. Richard Bowman and daugh-  
ter, Miss Anna, have returned to  
their home at Newark after visiting  
Zanesville friends.—Zanesville Times  
Recorder.

Miss Mae Blackstone of the East  
pike has returned from a visit with  
relatives at Newark and Granyille.—  
Zanesville Times-Recorder.

On Thursday and Friday during  
the Gregg reunion, Mrs. C. W.  
Thomas of Wilson street entertain-  
ed her mother, Mrs. Mary Gregg of  
Vanatta, and brother, Mr. and Mis-  
s J. Gregg and daughter and son of  
Degraff, O. Mrs. Russell Wolfe and  
sons, Harold, Everett, and Albert,  
and daughter Miss Zella of Chatham,  
and Mrs. Melvin Wright of Los  
Angeles, Calif.

On Sunday Mr. L. L. Gregg enter-  
tained his mother, Mrs. Mary Gregg,  
Miss Viola B. Wright of California,  
Mrs. C. W. Thomas, and his daugh-  
ter and family, Mrs. James Mon-  
tanya.

Mrs. Joseph Hobbs, had from Mon-  
day until Wednesday as her guests,  
Mrs. Mary Gregg, Miss Viola B.  
Wright, of Los Angeles and Mrs. C.  
W. Thomas.

Miss Ruth Bryson, of Shreveport,  
Ind., who has been attending school  
in Chicago, has been visiting her  
grandmother, Mrs. Nannie Bryson  
of 180 South Fifth street.

Mr. and Mrs. George Orr of Hud-  
son avenue spent several days this  
week with Mr. and Mrs. E. C. Norris  
at their cottage at Buckeye Lake.

Mrs. John Milligan and son Wil-  
liam of Alabama are visiting  
relatives in Newark for a few  
weeks.

Mr. John Kates of North Fourth  
street is in Granyille today, install-  
ing tiles in Burton Hall.

Mrs. R. M. Dunham and daughter  
Mary Catherine are visiting at the  
home of Mr. and Mrs. James B. King  
in Fairview avenue. Miss Dunham  
will enter college at Delaware this  
year.

Mrs. William Saver, of Fleek ave-  
nue is attending the pumpkin show  
at Somerset today.

Theodore McKenna, Charles Wil-  
son and Guy Ragan left last evening  
for a lake trip to Toledo, Cleveland  
and Detroit. During their absence  
they expect to attend baseball games  
in the latter two cities.

Mrs. Dora Sailor of South Third  
street has returned from a ten days  
visit with her brother in Pittsburg.  
While in the Smoky City Mrs. Sailor  
made side trips to a number of  
places of interest, her visit being  
thoroughly enjoyable.

Mrs. Carl Koch of Cleveland, who  
has been the guest of Mr. and Mrs.  
Charles Stoltz on German street,  
this week, returned to her home to-  
day.

Mac Mossman was in Utica yester-  
day on business. While there he  
was pleasantly entertained by Mr.  
and Mrs. William Watson.

Miss Mabel Young of Toledo re-  
turned to her home today after vis-  
iting friends in Newark.

Messrs. Morris Beency, Ora War-  
rington and Charles Root are in  
Crocketon today attending the Hart-  
ford fair.

Messrs. J. M. Farmer and Ben  
Jones are attending the Hartford  
fair today.

Mr. and Mrs. Harry Bourner spent  
Sunday and Monday in Cincinnati at-  
tending the automobile races.

Mrs. Frank Bourner, 395 North  
Fourth street has returned home  
from Baltimore and Annapolis, Md.

NEW HOTEL PROJECT.  
Work on Marion's new hotel will  
start this fall. It is to be fire-proof  
and will be in the neighborhood  
of 200,000 nearly all of which has  
been subscribed. It will have a con-  
vention or assembly room.

GOTHAM SOCIETY

Miss Josephine Gibson.

Miss Josephine Gibson, sister of  
Charles Dana Gibson, the artist, is  
figuring prominently in New York  
society during the present season.

## Serving Food In the Sickroom

Food served in the sickroom should  
be served well. Properly cooked food  
arranged tastefully on a tray will stim-  
ulate appetite.

The things to be considered in serv-  
ing food for the sick, says Miss Olive  
Sheets, instructor in domestic science  
in the Kansas State Agricultural col-  
lege, are cleanliness, attractiveness,  
proper preparation of the food and the  
convenience of the patient.

It is not necessary that the house-  
wife have special equipment for serv-  
ing the sick, but dainty linens, dishes  
and silverware should be used. The  
tray should be light in weight, durable,  
easily cleaned and attractive in ap-  
pearance. White enameled paper  
mache trays are good.

A tray cloth that just fits the tray is  
to be preferred, but a clean napkin  
neatly folded will answer the purpose.  
The dishes on the tray are arranged in  
the form that will suit the patient and  
in as attractive a way as possible. Of-  
ten a color scheme can be carried out  
in a well cooked menu, and this adds  
charm to the sickroom meal. A flower  
or a spray of leaves lends cheer. It is  
not essential to have flowers from the  
greenhouse. A daisy from the field or  
a clover blossom brings a message  
from the outside that brightens the  
room.

## Kitchen Kinks

Always use ice water when mixing  
pie crust.

All bacon is improved by having hot  
water poured over it before frying.

A teaspoonful of vinegar put into  
homemade candy will prevent it from  
becoming sticky.

Put plenty of butter into the cake  
you wish to keep for any length of  
time.

Lather is a good thing to use for re-  
moving grease spots from clothing.

When marking linen handkerchiefs  
with indelible ink, first starch the  
handkerchiefs and iron them smooth.  
They can then be marked clearly.

When making egg custard pies al-  
ways beat the milk to the boiling point  
before mixing it with the eggs. The  
custard will always be crisp.

## EASY MONEY

The money you save on our groceries is the easiest money you  
have earned. A dollar saved is a dollar made. Mrs. House-  
keeper, did you ever stop to consider how hard your husband  
will work in order to add another dollar to his salary? Do you  
make that dollar buy all it could buy if you bought your gro-  
ceries from us, or do you pay double prices at the corner grocery  
just because it's handy? Be fair to yourself and buy the same  
goods you have been buying for much less. Don't delay for there  
is no time like the present.

## SPRING WHEAT CONDITION IS 48 PCT. NORMAL

(Associated Press Telegram)  
Washington, Sept. 8.—Production of the principal farm crops of the country was forecast today by the department of agriculture from their September 1 condition or at time of harvest as follows:

Forecasts of production, which may be larger or smaller than indicated, as conditions affecting the crops are better or worse, follow: (Stated in millions.)

Winter wheat Sept. 455; Aug. 455; 1915 crop, 655; 1910-14 average 495

Spring wheat, Sept. 150; Aug. 199; 1915 crop, 357; 1910-14 average, 235.

All wheat, Sept. 611; Aug. 674; 1915 crop, 1,012; 1910-14 average, 728.

Corn, Sept. 2,710; Aug. 2,777. 1915 crop, 3,055; 1910-14 average, 2,732.

Oats, Sept. 1,231; Aug. 1,274; 1915 crop, 1,540; 1910-14 average, 1,158.

White potatoes, Sept. 318; Aug. 364; 1915 crop, 359; 1910-14 average, 361.

Hay (tons) Sept. 86.2; Aug. 84.6; 1915 crop, 85.2; 1910-14 average, 66.2.

Apples (bbls.) Sept. 67.7; Aug. 71.3; 1915 crop, 76.7; 1910-14 average, 66.0.

Peaches, Sept. 36.9; Aug. 40.3; 1915 crop, 63.5; 1910-14 average, 43.8.

Production figures for winter wheat, corn and hay are preliminary estimates.

Comparison of the September with the August production forecast indicates the changes in prospects during the month of August.

Other details of the report follow: Spring wheat: Condition 48.6 per cent of a normal, compared with 63.4 last month, 94.6 last year and 77.5 the 10-year average. Indicated acre yield 8.8 bushels, compared with 18.3 last year and 12.5 the 1910-14 average.

All wheat: Indicated yield 12.0 bushels per acre compared with 16.9 last year and 14.8 the 1910-14 average.

Corn: Condition 71.3 per cent of a normal, compared with 75.3 last month, 78.8 last year, and 77.1 the 10-year average. Indicated yield 24.9 bushels per acre, compared with 28.2 last year and 25.9 the 1910-14 average.

Oats: Condition 78.0 per cent of a normal compared with 81.5 last month, 91.1 last year and 78.2 the 10-year average. Indicated yield 30.3 bushels per acre, compared with 37.8 last year and 30.5 the 1910-14 average.

White Potatoes: Condition 67.4 per cent of a normal compared with 80.8 last month, 82.7 last year and 76.6 the 10-year average. Indicated yield 87.7 bushels per acre, compared with 95.5 last year and 97.8 the 1910-14 average.

Hay (table): Indicated yield 1.64 tons, compared with 1.68 last year and 1.34 the 1910-14 average.

Record of 61%. United States Steel and other representative stocks were firm under similar pressure but motors and munitions lost ground. Moderate trading in United Kingdom notes listed today, was the only features of the steady bond market.

**Chicago Grain.**  
(Associated Press Telegram)  
Chicago, Sept. 8.—Lower cable quotations today, which were the wheat market here. Opening prices which ranged from 1 1/2 off to 1 1/2 up with December at 1.55 1/2, to 1 1/2 and May at 1.55 1/2 to 1.56 1/2, were followed by slight gains but then a moderate setback all around.

Corn eased off with wheat. After opening 1/4 lower to 1/4 advance the net displayed a general inclination to sag.

Liberal buying for a large export concern strengthened oats. Weakness in other cereals was ignored.

Professions gave way with hogs. Most of the transactions were in hard order.

**The Wool Market.**  
(Associated Press Telegram)  
Boston, Sept. 8.—The Commercial Bulletin will say tomorrow: "The presence here of leading buyers together with a fair trade for the week, largely of territorial classes, has strengthened the tone of the local wool market somewhat and dealers are more hopeful as to the future. Prices have shown little change, staple wools being very firm, while short inferior wools have been still a little irregular. Manufacturers find the situation without material change, new business being rather slow, but mills as a rule are contented to labor capacity on old order."

**Cotton Crop Larger.**  
(Associated Press Telegram)  
Washington, Sept. 8.—Cotton of the growth of 1916 gained prior to September 1, amounted to 550,000 bales, counting round as half bales, the census bureau today announced in its first preliminary report of the season. This compares with 525,000 bales last year, 550,000 in 1914 and 589,000 in 1913.

**Chicago Grain and Provisions.**  
(Associated Press Telegram)  
Chicago, Sept. 8.—Closing: Wheat, Dec. 1.56, May 1.57; Corn, Dec. 1.54, May 1.55; Oats, Dec. 1.54, May 1.55; Pork, Oct. 26.70; Jan. 24.40; Lard, Oct. 14.20; Jan. 13.50; Ribs, Oct. 14.17; Jan. 12.87.

**New York Stock List.**  
(Associated Press Telegram)

**BRIDE MURDERED BY KOZAK**  
(Associated Press Telegram)  
Cleveland, Sept. 8.—Mrs. Mary Biko-witz, 27-year-old bride was shot and killed here late last night by Edward Kozak who is said to have sent several housewives to persuade her to elope with him. Kozak then shot himself and died shortly afterward in hospital.

**Warships in Battle.**  
In the days of wooden war vessels two frigates, or line-of-battle ships, might be lashed together and fire shot into each other's interiors for an indefinite period. When Paul Jones was summoned to surrender he replied that he had not yet begun to fight. At a distance of eight miles there would not be much conversation between hostile commanders, even by signals, and after a vessel is hit there isn't much question as to its future. A vessel may be injured by gunfire and get away, but if a floating steel fort is hit below the armor belt by a torpedo or has its deck penetrated by a fifteen inch shell which meets expectations in the promptness of its explosions it does not remain in sight many minutes, and the crew can't float around on spars until they are picked up, for there are no spars. In ten minutes the formidable warship goes under and carries everybody on board.—Philadelphia Record.

**Care With Mushrooms.**  
Mushrooms on account of the amount of nitrogen they contain, approach nearer to animal food than many other vegetable products. An analysis shows that mushrooms contain 3.5 per cent protein, boiled potatoes 2.5 and onions 1.6. Experts say that mushrooms should be eaten perfectly fresh and never eaten after being "warmed over."

**Compulsion.**  
"If that had boy insists on carrying a chip on his shoulder you shouldn't notice him."

"I didn't," replied the square jawed sonneteer, "so long as he kept it on his shoulder, but when he took it off and hit me in the eye with it I had to do something."—Washington Star.

**NOTICE OF APPOINTMENT.**  
Estate of Oliver Fink, deceased.  
Lillian B. Fink has been duly appointed and admitted administratrix of the estate of Oliver Fink, late of Licking County, Ohio.

Dated the 2nd day of August, 1916.  
S. Fink, Probate Judge

**Who the Letts Are.**  
The Letts are a branch of the Lithuanian nation, a Slavonic division, and dwellers in the Baltic provinces of Russia. Lithuania was at one time a great kingdom, later a part of the Polish nation and now embodied in Russia and Prussia. The Letts, a subdivision of the Lithuanian people, at present number more than 2,000,000. They are of average height, well built, but seldom very tall. The finely cut features, fair hair, blue eyes and delicate skin are characteristics that distinguish a Lett from a Pole or a Russian.—Philadelphia Press.

Nature is inexorable. Even the man who climbs the ladder of Fame can't defy the laws of gravitation.

**OLD MAN MERKLE IS HELD TO BROOKLYN**

ENTHUSIASTIC FOR FARM BUREAU AND COUNTY AGENT PROPOSED HERE.

Mosser Meets Representative Agricultural Men at Croton Fair and They Discuss Proposition.

Manager George H. Mosser, of the Chamber of Commerce, yesterday at the Hartford Fair, sowed the seed in the northern part of Licking county for the development of the Licking County Farm Bureau and the appointment of a county agent.

Representative farmers in the northern part of the county were introduced to Mr. Mosser and the proposition explained to them. All were enthusiastic over the establishment of the bureau and pledged their support in the movement.

Mr. Mosser told them that in the near future a meeting would be held to acquaint the people in the rural districts of the details and later the farmers were to be the guests of a Chamber of Commerce banquet, given under the auspices of the Agricultural bureau, of which Homer C. Price is chairman.

The farmers were gratified to see that Newark was waking up and of the interest being taken by the Chamber in establishing a closer relationship between the city and the country people. The men Mr. Mosser met who spoke favorably of the farm bureau, were:

Representative farmers in the northern part of the county were introduced to Mr. Mosser and the proposition explained to them. All were enthusiastic over the establishment of the bureau and pledged their support in the movement.

Mr. Mosser told them that in the near future a meeting would be held to acquaint the people in the rural districts of the details and later the farmers were to be the guests of a Chamber of Commerce banquet, given under the auspices of the Agricultural bureau, of which Homer C. Price is chairman.

The farmers were gratified to see that Newark was waking up and of the interest being taken by the Chamber in establishing a closer relationship between the city and the country people. The men Mr. Mosser met who spoke favorably of the farm bureau, were:

David Dickerson, Outville; C. C. Bricker, Outville; J. T. Torrens, Utica; J. W. Wolfe, Johnston; F. T. Ogilvie, Centerburg; C. H. Ogilvie, Centerburg; W. A. Moore, Utica; D. Seward, St. Louisville; big fruit raiser; E. D. Householder, Vanatta; C. R. Wilson, Kiersville; W. E. Hatfield, Croton; Stanton Hoover, Croton, cashier Croton bank; J. E. Wolfe, Johnston, merchant tailor; Lee A. Bell, Utica; P. M. Ashbrook, Alexanoria, hay and grain dealer; Allen Longwell, Johnston; John T. Robertson, Centerburg.

**Houses in Sagdad.**  
A Bagdad house in the summer is a fiery furnace, and no one, unless his name be Shadrach or Meshach or Abednego, could live within its four walls with comfort, and yet the natives have made a brave attempt to overcome the difficulties of their situation. Deep in the ground they have built cellars, or serdabs, and these serve as cooling chambers. The cellars are kept pretty dark. "The light enters," says one who has lived there, "through small windows, or openings, where, instead of glass, is placed a lattice of palm filled with a prickly camel's thorn. Several times a day the occupants sprinkle water on these thorns, and the moisture cools the hot wind as it passes through the rooms and gives a comparatively refreshing breeze. But toward night these cellars become unbearably close, and then the entire city mounts to the roof, where it dines and sleeps."—Boston Transcript.

Two houses for rent on Wallace street, one \$10.00, the other \$11.00. Apply James Mills, 356 North Fourth St. Phone 7079 9-28-31

**DANUBE TOWN OCCUPIED BY THE RUMANIANS**  
London, Sept. 8.—Rumanian troops have occupied Orsova, an important Hungarian town on the Danube, according to dispatch to the Times from Bucharest today.

An unofficial dispatch from Vienna on Wednesday announced that Orsova had been taken by the Rumanians. Orsova is one of the principal ports on the lower Danube and has considerable commercial importance. It is a few miles above the Iron Gate of the Danube, where the river leaves Hungary and forms the boundary between Rumania and northeastern Serbia.

**CIRCUS TENT IS RUINED; CANCEL EVENING SHOW**  
Van Wert, Sept. 8.—During the Robinson performance of the John Robinson Circus here yesterday, a severe electrical storm broke, accompanied by high winds and rain in torrents, resulting in the main tent being blown down. Hundreds of people had narrow escape for their lives. The damage was so great that the show had to cancel its evening performance. The county fair was also in progress and scores had narrow escapes from injury from flying timbers of wrecked temporary buildings that were wrecked. South of the city growing corn was torn to shreds.

**HIDDEN PUZZLE**  
Farm 78 acres Bennington township 1 1/2 miles north of Johnston. Utica. Pike about 2 miles east of Appleton. 32 acres land, well tilled. Inquire O. W. Brown, Johnston, Mrs. C. E. Dixon, R. D. Utica, Mrs. Ira Stout, R. D. Johnston, W. L. Brown, R. D. Johnston. 9-30-16.

Seven room modern house in one of the best locations on North Fourth street. We consider this a very special bargain. Price \$2200.00. J. F. Moore & Son 16 Arcade. 9-22-31

Veneer brick house, 294 Granville St. Desirable home. Would consider cheaper rental property part pay. Inquire Dr. C. L. Weyth 9-16-16

Five-room house, barn, and half acre fine garden fruit; near car line, west. Price, \$1800. J. F. Moore & Son, 16 Arcade. 9-7-11

**MISCELLANEOUS**  
See Mac Mossman soon. I'll pay you 10c for each of your 100,000. J. F. Moore & Son, 16 Arcade. 9-22-31

New bakery 26 W. Church St. Ask for Mother's bread. Good bread and full weight. William Wenzel, proprietor. 9-8-31

**WANTED TO BUY.**  
A stationary steam engine from 10 to 20 horse power. Auto phone 4128 or Bell phone 583-W-1 ring. 9-7-31

Two live protestant women to canvas and buy ladies' dresses and skirts of all kinds; men's clothing of all kinds; shoes, carpets, stoves and furniture. Rummage Sale Department Store. Call George Stewart, 184 East Main Street. 9-25-16

**WOMAN STOKER IN ENGLAND.**  
Find another woman worker. REBUS.

**A game.**  
YESTERDAY'S ANSWERS.  
Upgrade down, nose against neck. Lyre.

## Licking County Production of Coal Oil Ceased After Petroleum Came From Ground

Coal oil was made from Licking county coal, and sold for \$1 a gallon at retail, nearly 63 years ago. Coal oil now retails at about 10 cents a gallon. The manufacture of coal oil from canal coal was the result of investigations made by Eli Hull, who told of this early industry which had a comparatively brief existence, but has an interest to those who care to read of the comparative progress that has been made along every line of endeavor, oftentimes aided by timely, maybe accidental discoveries. Mr. Hull says of his experience as an oil magnate:

"In 1853 a man by the name of

**ELI HULL**  
Who 60 Years Ago Manufactured kerosene from Licking county coal.

Downer of Boston, Mass., was importing from Scotland a product known as "hoghead" coal and distilling coal oil from it. After reading about this coal, and the process of extracting the saleable oil, I determined that the imported product was nothing more than canal shale, of which an abundance existed under a farm owned by me in Hope-ville township about Flint Ridge. I sent a sample of this shale to Downer, and afterward, at his request, sent him several barrels, which I dug with my own hands. I followed this shipment and got several bottles of the different products which came by the process of distillation from the coal I had sent.

"Upon my return, I stopped at New York and showed these samples to J. E. Holmes, whom I interested in the project of manufacturing the coal oil in Licking county.

"In 1854 a company was formed for this purpose, consisting of Holmes and myself. After experimenting a short time Holmes & Hull erected a small plant on the bank of the old feeder, near the old

East Newark aqueduct, opposite the B. & O. depot, having taken in another partner, Nelson Kenyon, from Massachusetts, in the meantime.

"The capacity of this plant was one barrel of burning oil, containing 50 gallons, every day. This we sold at wholesale for \$1 per gallon, while \$1.25 was the retail price.

"The process of extracting the product from coal was a most interesting one, and was done by distillation upon the same principle that whiskey is distilled from grain. The coal was broken up and put into a cast iron retort brought up to a light red heat. The vapor escaping was condensed through a long condenser, and this product was crude oil, which contained naphtha, gasoline, burning oil, lubricating oil, paraffine, and asphaltum.

"This crude oil first was treated with chemicals, and then placed in a large cast iron still holding 1,000 gallons. The oil containing these chemicals was raised to a moderate heat and passed through 300 feet of coils over which cold water was allowed to run. The first product released by the process of distillation was naphtha, very volatile and explosive. At a little higher temperature, gasoline, also volatile and explosive next was released, and with a little more heat burning oil, or commercial kerosene, came from the crude oil, and this was the product we were after. The next product was lubricating oil, heavier and thicker and the paraffine came out as a substance like tallow. The asphaltum was more like a solid.

"There were no automobiles in those days, and there was no sale for the gasoline; naphtha launches were unknown, and this product also was a waste. The lubricating oil could not be sold because it was impossible to convince people that anything but sperm oil and lard oil could be used to lubricate machinery.

"Now the two latter oils are relegated and the same product we were throwing away now is used to lubricate the machinery of the world.

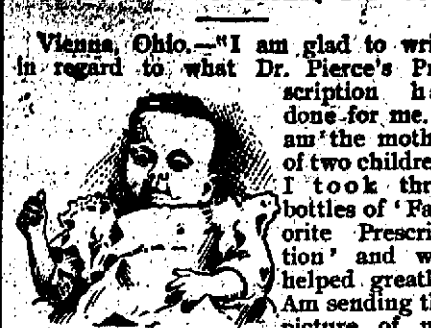

"We had some sale for the paraffine out of which some people made candles, but the burning oil practically was the only product for which we could find a market.

"From one ton of coal we could get about 25 gallons of kerosene, so we were burning about two tons of oil a day.

"The Newark plant was run until 1856, when it was sold to a Boston firm, but in the meantime I had found a rich vein of Carmel coal on the Walhonding canal, near Warsaw in Coshocton county. Hull, Holmes and Kenyon purchased a farm of 200 acres, with a five foot vein of this coal underlying and in 1856-57 the firm built a plant, having a capacity of 1000 gallons of crude oil from which 400 gallons of kerosene could be produced.

"Everything was rosy and the firm had every prospect of becoming rich at the price it was selling the product. In less than a year af-

## WHAT A MOTHER SAYS.

Vienna, Ohio.—"I am glad to write in regard to what Dr. Pierce's Favorite Prescription has done for me. I am the mother of two children. I took three bottles of Dr. Pierce's Favorite Prescription and was helped greatly. Am sending the picture of my four-months-old baby girl."

Lowell, Ohio.—"I made up my mind Dr. Pierce's Favorite Prescription was just what I needed and I used about two bottles. I had had an abscess and after operation wanted a good medicine. I was low spirited, had the tired-out feeling and was nervous. This medicine helped to put me on my feet. My weight went up from 120 to 155 lbs. I have never taken any remedy that did me so much good as this. I am only too glad to recommend it."—Mrs. SARAH DONALDSON, R. F. D. 1, Lowell, Ohio.

Doctor Pierce's Favorite Prescription cures weak and aching backs, headaches, nervousness and other womanly ailments by curing the womanly diseases which cause them. It makes weak women strong, sick women well. Dr. Pierce's Favorite Prescription is a remedy that any ailing woman can safely take because it is prepared from roots using pure glycerine instead of alcohol, and is not a secret remedy for its ingredients are printed on wrapper. Get it to-day, either in liquid or tablet form, or write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for a free book on woman's diseases.

Constipation causes and seriously aggravates many diseases. It is thoroughly cured by Dr. Pierce's Pellets. One a day; two or three a cathartic.

ter the Warsaw plant was started, it entered into the mind of man to sink shafts into the ground, and it was found that God Almighty had put inexhaustible quantities of petroleum there, ready to burst forth for the use of man. This petroleum was exactly the same as the crude oil we were making by an expensive and complicated process.

"I visited Oil City, Pennsylvania, and other points and saw wells spouting forth 3,000 barrels of petroleum a day, and could see that it spelt 'finis' for Holmes, Hull and Kenyon as oil producers, and came back and told the other two men. We could not compete with the creator and were forced out of business. The discovery of petroleum nearly ruined us financially, but for the consumers of the products of crude oil, it was a God-send.

Mr. Hull is 88 years of age, but is physically active, mentally alert and progressive in his methods of thought. He personally superintended the construction of the 6-story Hull building on the West Side of the Square, which is one of the most substantial structures in the city. New processes appeal to him instantly and there is nothing reactionary or ultra-conservative about his manner of doing business. For the last few years he has been enthusiastic about the construction of "poured" concrete houses, and has erected a number which he says are the best houses ever built.

## EAST MAIN ST M. E. CHURCH 13 YEARS OLD

Sunday, September 10 will be observed as anniversary day with appropriate services at the East Main Street Methodist church. S. S. Brown, Sunday school superintendent, has set his goal at 500 for the Sunday school. This will be the highest mark reached in attendance in the history of the church. Dr. Franklin McElfresh, who was superintendent of the Zanesville District when the church was dedicated 13 years ago, will preach the morning sermon and Dr. Thos. W. Locke, who is now the superintendent of the Lancaster district of the Ohio Conference, and at one time a very successful and popular pastor of this church, will preach in the evening. There will be no public begging for money. The members and friends of the church are cordially urged to join in these services.

The following musical numbers will be rendered by the choir:

Morning.  
Organ, "Meditation".... E. Lemaigre  
Choir, "I Am Alpha and Omega"..... Stainer  
Organ, "Processional March"..... Guiraud

Evening.  
Organ, "Prayer"..... L. Lemaigre  
Choir, "By the Waters of Babylon"..... Watson  
Offertory Solo, "Called Thou Thus"..... Mertylki  
Miss Edith Hague.

Organ, "Postlude"..... Stevn  
The Rev. J. Emory Waller is the pastor of the church.

Field Work de Luxe.

"The plowman homeward plods his weary way."

The reader put aside his volume of poems.

"Times change," he commented. "I see in Kansas they are taking hired hands to the harvest fields in taxicabs."—Kansas City Journal.

A wood splitting machine has been invented which automatically handles logs two feet long and 18 inches thick. It is run by a three-horse power gasoline engine and consists mainly of a huge knife, which works through the knottiest wood at the rate of 60 strokes a minute.

**Creating Credit**  
Your credit is simply that part of public opinion that is directed toward your money habits. If the merchants and business men of Newark know that you always pay your bills promptly, you have credit. If they do not know it, you have none.  
It is possible to go on, year after year, paying cash for everything, always remitting promptly, yet not building credit or being known as a good customer.  
However, if you pay by CHECK, every purchase is tried to you. When the merchants know you buy well and pay well, you will have credit. Why not pay by a check on the Franklin National Bank? Begin NOW.

## How to avoid Operations

### These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."—Mrs. FRED BENNEK, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."—Mrs. THOS. DWYER, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."—Miss IRENE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## PLAYGROUNDS WERE ENJOYED THIS SUMMER

The popularity of Newark's three playgrounds was demonstrated during the past vacation season, while, and the benefit derived by the hundreds of children who spent much of their time at these places in healthful recreation could not be calculated.

Professor L. G. Millison, who has general supervision of the three grounds, was assisted by A. B. Long, and Miss Florence Hart, at Riverside; C. W. Klopp and Miss Florence Myer at Indiana street (Heisey); Miss Ada Snelling and F. S. Stimson at White Field.

Professor Millison will make a detailed report to the Board of Education, but Thursday gave a general idea of the scope of the playgrounds' usefulness.

For instance, at Riverside an account was kept of the children who visited the grounds, and of the different families represented. It was found that the different children over 500, who come from 300 different families.

The feature that was most popular at Indiana street was the swimming pool, and this is one that is needed at the other grounds and steps will be taken to accomplish this result.

The girls and boys used the pool at different times and there have been during these periods as many as 65 boys in the pool at once, and the same number during the girls' periods.

At White Field, the largest of the grounds, from the beginning of the season, until the Raccoon creek became polluted four or five weeks afterward, there was a daily attendance of from 250 to 700. After this the attendance dwindled, as many went to the swimming pool north of the city.

During the summer White Field was used by the Y. M. C. A. and Grocery Clerks' baseball teams for a series of games, and many family and Sunday school picnics were held, especially on Thursday afternoons during July and August.

At this recreation ground, the tennis courts were repaired and another added from money donated by the graduating class of the High school in 1914. A clay croquet ground also was added.

There is nothing connected with a child's school life more conducive to health and enjoyment than the play grounds, and educators everywhere as well as parents and patrons of the public schools are realizing this fact to a greater and greater extent.

### NEW ORLEANS WANTS WELSH-DUNDEE ROUT; OFFERS BIG PURSE.

New Orleans, Sept. 8.—An offer of an \$18,000 purse for a 20-round fight here, Jan. 1, for the world's lightweight championship between Freddie Welsh of England, title holder, and Johnny Dundee of New York was telegraphed today by a New Orleans promoter to Welsh in New York and Dundee in Kansas City.

#### DUNDEE IS WILLING.

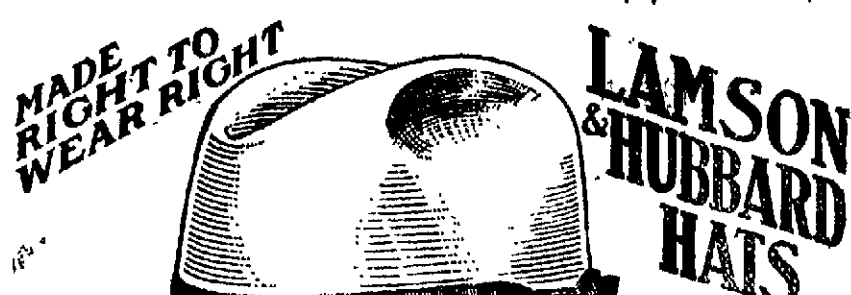

Kansas City, Sept. 8.—An acceptance was wired New Orleans promoter tonight by Scotty Monteth, manager of Johnny Dundee, New York lightweight, for a match there on Jan. 1, with Freddie Welsh of England, the title holder. Monteth said he would accept any terms "within reason."

#### Don't Have to Explain It.

"There's one good thing about golf."  
"What is it?"  
"It's seldom that your wife insists on you taking her to see it played!"  
—Memphis Commercial Appeal

#### Very Kind of Him.

"Lend me five Bob will, you old chap?"  
"Haven't got it. But I'll tell you what I'll do—I'll lend you the 5 shillings I lent Dobbs over a year ago if you can collect it!"—Pearson's Weekly.

SOLD BY ROE EMERSON

#### NEW TRACK RECORD

ON DETROIT OVAL.  
Detroit, Sept. 8.—Although rain interrupted and spoiled the short-shippers yesterday, it did not come until after the track at the state fair grounds had taken unto itself a new honor in the shape of a world's record. Lucile Spier, starting to lower the track record of 2:10 1-4, not only succeeded in doing this, but she established a new trotting record for mares on half-mile tracks—2:06 1-4. In view of the condition of the track and the high wind at the time, had her pacemaker been able to step up to her it is thought that she would have made the two laps in 2:05.

A counter-irritant must be trying to cure a headache with a heartache.

#### SUCCESS.

Believe with all your heart that you will do what you were made to do. Never for an instant harbor a doubt of this. Drive it out of your mind if it seeks entrance. Interturb only the friend thoughts or ideals of the thing you are bound to achieve. Reject all thought enemies, all discouraging moods—everything which would even suggest failure or unhappiness.

## PERSISTENCY OF CONG. ASHBROOK IS REWARDED

Washington, Sept. 8.—The Ashbrook widows' pension bill, which will benefit about 400,000 soldiers' widows, whose marriages to civil war soldiers occurred prior to June 30, 1905, passed the senate yesterday and now awaits only the presidential signature. The passage of the bill by the senate is a tribute to the everlasting persistency of Representative Ashbrook. The bill passed without a roll call. The exigencies of the political situation in the North had a good deal to do with the passage of the bill. Southern pension-hating senators threatened opposition at first, but became reconciled when convinced that it would help Democratic senatorial and congressional candidates in the North immensely to have the bill passed. Under the bill, every widow of a soldier of the civil or Mexican war or war of 1812, who has reached 70 years and who was married to the soldier before June, 1905, will receive \$20 a month.

When a man complains that this is a cold, cruel world, it is safe to infer that he has no wife to make it hot for him.

## Pesky. Bed Bugs

A MILLION BED BUGS. Just think, a 25c package of the new golden chemical P. D. Q. (Pesky Devil's Quiescent) is enough to make a quart and enough to kill a million bed bugs, no matter how large they may be, where they come from, their age, color or sex, and at the same time leaves a coating on their eggs and prevents hatching. CUT THIS OUT. This new chemical can be had at any first-class drug store. A 25c package makes a quart of P. D. Q., and will go farther than a barrel of old-fashioned bug killer. Don't let anybody impose upon your intelligence by offering you something else. Insist on what you ask for, then you'll have what doctors prescribe. KILLS FLEAS ON DOGS. It's fun to see the fleas drop off your pet dogs. KILLS CHICKEN LICE. No use for your chickens to have lice. A 25c package makes a gallon of chicken lice killer. Your druggist has it, or can get it for you. Owl Chemical Co., Terre Haute, Ind.

# SPECIAL PRICE REDUCING ON MEN'S CLOTHING DURING THE REMODELING OF OUR STORE FRONT

**1/3 OFF**

We realize the great disadvantage we are at during the tearing out of our store front—in the giving of perfect store service that has featured the store in the past. To overcome this business handicap we've decided to give this big reduction during our "tearing up" to get you to overlook the inconvenience.

**1/3 OFF**

This is not a sale of odds and ends of summer clothing, as there is not a summer suit in the selection. Every suit is a desirable weight for fall or winter wear. You choose from Blue Serges, Fancy Worsteds, Cassimeres, Cheviots—and in most any pattern you can wish for. Third off.

**1/3 OFF**

If it were not for our remodeling conditions, every suit that enters this sale would be sold at its regular price. These price reductions are made solely to stimulate business during this "topsy turvy" condition of our store. This condition affords you an unusual opportunity.

These Prices will be discontinued soon as store front is finished

# Amusements

**Mazda.** "According to the Code," new Es-sany 5-act drama, tells a story from an angle new to the film. It has its beginning with an array of circum-stances in civil war times and then bearing upon the present day. The contrasts of the players in the leading roles from the times of half a century ago and the present day have been neatly and attractively worked out. A new set of characters is not introduced for the modern angles of the piece. It being distinctly a story of the same persons dealt with during the war times. Louis S. Stone appears in the leading role, supported by Marguerite Clayton.

See this picture at the Mazda Satur-day only.

**Mischiefs.** It is probably true that the rolling stone gathers no moss—but is Buck Pulton so safely remarked to Dave Pulton: "Who wants to gather moss?" And they are the boys who ought to know all about the subject for they are the rolling stones in the famous, "Mischiefs," Film Company's addition of Edgar Stewins celebrated play of that name in which the two good screen favorites, Owen Moore and Marguerite Clayton are co-starring.

Owen Moore, the boy of the movie, Stone, Clayton and Marguerite Clayton are the well not the moss, but the instrument of his sudden redemption from the rolling stone from rolling any further down hill. Of course he is only a rolling stone in the sense that he has not yet found himself for the boy is not in the least vicious at heart and when he sees this delightful little girl Norma, she at once recognizes all that is best in him. At Alhambra tonight and tomorrow.

Mary Pickford as an Italian boy, "The delightful little" Epimene (Cho-Cho Sar, m "Madam Butterfly," has shed her sandals and kimonos for the rough boots and corduroys of the Italian peasant. And just as the famous players start so clearly concealed but as a matter of fact in the interpretation of the picture so in this original photograph by Kate

MABEL CLARK  
"Mischiefs Makers" Auditorium, September 11

London, which will be the Paramount attraction at the Alhambra Sunday

**Auditorium.** The Auditorium today has two big features to offer its patrons in the big Gallopina, tonight of the race track. Sporting blood with Dorothy Leander and Glen White. This feature is a most remarkable Win Fox production. The race track scenes were taken at the Springfield, Mass. track. A horse race special horses were rented for the filming and several well-known runners owned by members of the racing association were among them.

Most of the scenes were taken at all hours of the morning when all actors are traditionally supposed to be just getting in bed. To get to the track in time members of the company had to get up at 4 o'clock. The cameras began grinding.

Breakfast was served every morning at the track. While the stable boys were out breaking the horses, the members of the Fox organization would be eating ham and eggs, done in genuine Southern style.

The other big feature is the Pathé News Weekly seen only at the Auditorium. This week's number contains some most interesting pictures.

A story of the claims, in the days when Indians were a real menace, is "The Bugle Call" Triange, in which Stuart White, Collier, Jr. and to be seen at the Auditorium Saturday only.

Young Collier, 11-year old son of the famous "Friday" star, was the role of Little Bill, son of the commandant at Fort McPherson, a frontier army post and loved by every one in the place. He has an imagination in life and that is to become a soldier and a military achievement he already has learned to play the army bugle. It is only the good soldier in him that causes him to love the idea that his father is to marry a girl he cannot conceive of any one good enough to take his dead mother's place.

This feature will be seen Saturday together with a two reel comedy and Pathe News Deuts.

Noima Talmadge the star of "Gone

Straight, the new Triangle feature, entered picture work at the age of fourteen. She put on a long skirt to make her look older and became so flustered in the unaccustomed garment that she became all tangled up in its folds.

A woman scenario writer happened to notice her and helped her to get an extra part, and immediately she was put into the regular stock company at \$25 per week. From the start her rise was rapid.

This picture together with Billie Burke in the 15th Chapter of "Gloria Romance" will be seen Sunday only.

Hilarious but clean comedy, exceptional vocal features and songs and dances for the chorus that go with glee and snap are some of the characteristics of the entertainment given by "The Mischiefs Makers," the big show that is coming to the Auditorium theatre Monday, Sept. 12, for an engagement of one day. Here is a new enterprise that has been running up the American Continent and creating a big noise because it has been doing things a little better than the other fellow.

The program offered includes two musical travesties of a fast and furious order. On stage a lively piece in a hotel corridor and is called "Hotel Bull-Em" relating the adventures of a quarrelsome couple. The other consists of ridiculous adventures in a class Parisian cafe. "The Statue" as a special feature Manager Gerhardt will have the much talked about "A Glimpse of Sunny Hawaii," It is a huge beautiful spectacle that must be seen to be enjoyed.

Seats now selling for both performances. The special bargain matinee for ladies should draw well.

A form of entertainment which has defied all competition for years is the minstrel show and in spite of the countless attractions of the movies, musical comedies, drama and opera it still holds its place in the affection of the public. None of the minstrel performers of the past or present have held the affections of the public to a greater degree than Neil O'Brien and the announcement that he and his great American Minstrels are coming

to the Auditorium Tuesday, Sept. 12th, will be received with satisfaction.

Among those who will assist the star in the minstrel show are Eddie Ross, Laurence White, Charles Griffin, Steve Werber, Major Novak and George F. Peduzzi. Among the vocalists are J. Lester Haberkorn, James Edwards, Earl Holmes, Joe Andre, Jonathan Haw, Carl Strauss, Paul Lalonde and W. R. Parry. There will of course be a new sketch for Mr. O'Brien called "The Jitney Joy Bus" which the star has written and produced and in which it is said he has found much laughable material in satirizing the cheap transportation problem, then there will be a new singing and dancing number, enlisting the services of some of America's most expert dancers, staged by James Gorman veteran minstrel man and now Broadway stage director. Eddie Ross, well remembered as a fixture with the O'Brien Minstrels will be heard in a new monologue and for a climax to the program the one act play "The Bold Black and Tans" written by Geo. M. Cohn for the "Frolic Frolic" has been secured. There will be the usual street parade at noon and it is promised that the minstrel boys will make a brave appearance in their white suits and top hats.

Seats go on sale Saturday at 10 a. m.

## 25 Years Ago

(From Advocate, Sept. 8, 1891.)  
J. P. DeCrow and Edward DeCrow start today for quite an extended trip through the western states visiting in Chicago and Valparaiso, Ind., on their way.

Professor E. H. Castle, who has been spending his vacation with his parents near here returned to Hightstown, N. J., where he teaches Greek in Peddie Institute.

A party of friends gave a surprise party last evening to Mrs. William Scott at her home on North Fourth street, in honor of her birthday.

## 15 YEARS AGO.

(From Advocate, Sept. 8, 1901.)  
One of the best pageants ever seen on our streets was the parade this morning given by the Wallace shows, which was witnessed by thousands of people along the line of march.

Nathan, the little son of Mr. and Mrs. John Gilmore met with a painful accident while visiting at the home of Henry Hill of Fredonia. He was playing "Indian" with several lads, when the horse he was riding fell and he sustained a broken right wrist.

Uncle Josh Spruceby will be at the Auditorium tonight.

## The World War a Year Ago Today—Sept. 8.

German airships raided London, injuring twenty four persons and killing eighty to thirty; second raid within twenty-four hours. This was the first acknowledged Zeppelin bombardment of London proper.

Russian successes at Tarnopol and at Trembowla, farther south on the Sereth, netted 17,000 men, 333 officers, 33 guns and 66 machine guns, according to a Petrograd report.

The Russian drama was reorganized by coalition of its Liberals and Progressives.

## TREAT SEED WHEAT FOR SCAB AND SMUT.

Reports of the Department of Botany at the Ohio Experiment Station show that scab is more prevalent in wheat this season than in any previous year, due to weather conditions favorable to its spread. Cleaning seed wheat and treating it with formalin will control this fungus and prevent stinking smut at the same time.

The scab fungus is carried in the diseased wheat kernels and after seeding attacks the young plants. With some varieties of wheat on the Station farm about half the heads were infected.

Many of the lighter infected kernels will be removed if the seed is cleaned thoroughly in the fanning mill. Scab spores will still be left adhering to the sound grain. Seed treatment as used for stinking smut of wheat is also recommended by the Experiment Station botanist. This treatment is the same as for oat smut. One pint of formalin (40 percent formaldehyde) is mixed in 40 gallons of water. This solution is then sprinkled over the wheat spread on a tight floor or canvass. One gallon will treat a bushel of grain. After two or three hours the grain should be spread out to dry and then handled in bags and drills disinfected with the same solution.

## SOLDIERS' REUNION.

Somerset, O., Sept. 8.—Preparations have begun for the annual reunion of the 160 O. V. L., which will be held here Sept. 20. Hon. J. H. Miller of Newark, Democratic candidate for the state senate, Rev. N. J. Creamer, Rev. Mr. Steen and Mayor James McElroy will be the principal speakers.

## JUG RUN

Mrs. E. D. Rinehart and Mr. and Mrs. E. C. Howell spent Sunday at Fredericktown.

Mr. and Mrs. John Holdbrook and son Paul spent Sunday with Mr. and Mrs. Charles Fry.

Mr. and Mrs. E. D. Rinehart and Mr. and Mrs. R. A. Rinehart attended the funeral of their cousin, Mr. Taken Meiden at West Carlisle, Sunday.

Miss Velma Dugan is making an extended visit with her brother, Mr. Clarence Dugan at St. Louisville.

Mrs. Effie Jones and daughter Arlene of Michigan spent Friday with Mrs. E. D. Rinehart.

Mr. Roger M. Moulton is spending a few days with Mr. and Mrs. Charles Van Winkle.

Miss Isabel spent Monday with her cousin Mrs. Annabel Rinehart.

Of course there is to be a man's first love but the average woman would rather be his last.

# The Self Starting Auto made "cranking up" look foolish, didn't it? That's just the way old methods of setting the Typewriter carriage have been made to look by the latest Self Starting Remington

SETTING the typewriter carriage by hand is just like "cranking up." On every typewriter but this latest Remington you have got to "crank up" about a dozen times for every letter you write. And every time you "crank up" you lose four seconds by the watch.

The Remington Self Starter (Column Selector) cuts out this time loss. One touch on a Self Starter key and the carriage darts instantly and toes the mark at the correct starting point. It leaves nothing for the operator to do but just—WRITE.

25 per cent. speed gain in letter writing results from the use of the Self Starter. We have proved this by countless tests. And if you will say the word we will gladly prove it to you. Call at our office any time and ask to see a demonstration.

On the Remington and Nowhere Else

# ALL KINDS OF ARTICLES ARE MADE IN CITY

NEWARK'S INDUSTRIAL PROSPERITY NOT DEPENDENT UPON ANY ONE FACTORY.

Almost Every Thing From Stick of Candy to Traction Engine is Manufactured.

Newark now is manufacturing almost everything from a stick of candy to a big interurban car, and a traction engine. The diversity of the manufactured products shows that the prosperity of the city is based upon the fact, and is not necessarily dependent upon any one factory running full time, or closing down.

Of course there are several large plants that stand out pre-eminently from the standpoint of the number of men employed, and the amount of the periodical pay-roll. The section of the city in which any one of these factories is located, would of necessity feel the effects either of short time or of rush orders, but the city from a manufacturing point of view, does not have all of its "eggs in one basket."

The B. & O. shops, not in a strict sense a manufacturing plant, with the Heisey Glass Works mean much to East Newark. The Wehrle foundry, Jewett Car Works, Blair factory, Advance Glass company, with one or two others are sinews of industrial prosperity in the West End of the city, and the same is true of other sections, but the fact remains that Newark is not absolutely dependent upon any one single industry.

A list of the manufactured products will show the various lines upon which Newark factories work.

It would be almost impossible to compile a list of everything that is made in Newark, as many shops that are classed as "assembly," or "repair" shops make a great many of the articles used in the day's work, but the following gives some idea:

Table glass ware, automobile tires, sleigh runners, oil tank wagons, concrete blocks, furniture, cigars, flavoring extracts, boilers, bricks, stoves, safes, flour, beer bottles, butter, candy, all kinds of foundry work, golf clubs, balsters, cement barrel vaults, ice, traction engines, motor trucks, talking machines, steel rails, street cars, wire cloth, beer, shoes, soap, woolen blankets, patent medicines, hose clamps, cathedral glass, rope, bugles and many other articles.

## IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

The largest price ever paid for an American magazine for serial rights in a book was \$30,000 given by the Century Company to "Nikolai and Hay" for their famous "Life of Lincoln." It is said that the editor of the Century, who first offered \$25,000 and then doubled the bid probably misread the exchange of glances between the authors when the first offer was made, they being surprised at the bigness of the first sum, which he in his eagerness immediately doubled.

Sir Eric Swayne, director of recruiting, North of England, is authority for the statement that Germany has still from 2,000,000 to 10,000,000 men between the ages of 18 and 45. He admits that large numbers of these are physically unfit for the army and large numbers of others must be required as skilled munition workers; but he believes Germany must still have many millions of men who can be enlisted and trained.

Mushrooms on account of the amount of nitrogen they contain, approach next to animal food than any other vegetable product. An analysis made by Prof. Atwood shows that mushrooms contain 5 per cent proteins.

STEPHAN BOSTONIAN'S Famous Shoes for Men 17 South Side Square

## Milady's Boudoir

The Benefit of Fruit and Vegetables Few women will realize that a bushel basket of vegetables contains bright eyes, a clear complexion, and rosy lips.

Not a single dinner should be served without at least one fresh vegetable. Beets are among the best. For instance, after being cooked they may be served with butter and seasoning, cold with vinegar, minced with cabbage or lettuce salad. They are also quite palatable when eaten with a little sprinkled salt over them.

While canned beets do not actually take the place of fresh ones, still they may be substituted when fresh ones cannot be secured.

When visiting the vegetable market do not allow the man to top the beets. Those tops make an ideal vegetable when cooked in the same manner as one cooks spinach. While beets tone up the complexion they also are very nutritive and have a decided action to right any kidney order that may exist.

Spinach is also invaluable as a vegetable, carrots as well—both being quite appetizing. In fact, all sorts of "boiled greens" act directly upon the system and blood, which in turn brings about a better complexion.

No dinner should be considered complete without some green salad. It is far better to omit the sweet desert than the salad if but only one can be afforded. Olive oil dressing should be used on the salad as it is both nourishing and wholesome. While olive oil has a flavor that requires cultivation it is valuable as a tonic.

Plenty of fruit should be eaten for breakfast and also during the day when real hunger assails one. Each individual must be his or her own judge and eat only such fruits as agrees with their digestive organs.

The war has practically paralyzed the trade in wild animals, of which Germany has always been the center, but the Philadelphia "zoo" has been fortunate enough to acquire some very remarkable specimens, a pair of Tibetan blue bears, Ursus brunosus, which were sent over as Russian brown bears and are the only examples of the species in this country.

More than 100,000 operatives are now employed in America silk manufacturing mills. This is exclusive of those employed in dependent industries.

## LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

The Pharos Lighthouse, built in 282 B. C., during the reign of Ptolemy Philadelphus of Alexandria, when finished bore the legend: King Ptolemy to the gods, the saviors, for the benefit of sailors, which presently crumbled off, having been formed in mortar by the builder Sostratus, and beneath, carved in the rock itself, appeared the following: "Sostratus the Suidian, son of Dexiphanes, to the gods, the saviors, etc."

## Dropsy Treated One Week FREE

Short breathing relieved in a few hours—swelling, water and uric acid removed in a few days—regulates liver, kidneys and heart. Write for Free Trial Treatment. COLLUM DROPSY REMEDY CO. Dept. 71, Atlanta, Ga.

## Our Boys and Girls

Baby is a very important person and the young mother should know these few rules: Babies often contract bronchitis from being kept out when the chill mists are falling after sunset in autumn and winter. The flannel abdominal bandage should not be discontinued till all the first set of teeth are cut, and not then if the child suffers frequently from stomach trouble, in which case it should not be discontinued at all. It should never be left off in cold weather, nor suddenly, but when giving it up should be torn away gradually bit by bit.

When a child loses weight (either baby or older child) it is a sign that something is wrong. The safest thing under such circumstances is to consult a doctor.

## Every Day Etiquette

"When I accompany a young lady and her mother to a place of entertainment, ought I to walk beside the young lady or between the two. Where the walk is narrow should I precede the ladies or follow them? Should the younger lady or the older precede me when the walk is only wide enough for two?"

It looks better for the man to walk on the outside but there is nothing improper in his walking between the two women. Whether he should precede or follow depends on circumstances. If it is a rough, muddy or stony way he may suggest that he better go ahead in order to warn the ladies of any obstacle. If it is brightly lighted, smooth way he may fall behind. Common sense is really the guide in such matters," advised his father.

## Rafael Palma is Philippine Secretary of the Interior

Manila, Sept. 8.—(Governor-General Harrison has named as secretary of the interior Rafael Palma, who for several years has been a member of the Philippine commission. Governor Harrison himself assumed the portfolio of public instruction, including the bureau of education and health. Other bureaus hitherto included in the department of public instruction have been transferred to the department of the interior.

An English scientist who has been investigating the oil bearing deposits of New Guinea has found evidences of petroleum extending over an area of 1,500 square miles and has recommended immediate development.

## FOREIGN LOBBY WILL BE PROBED BY THE SENATE

(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 8.—A resolution by Senator Curtis of Kansas City directing the senate lobby committee to investigate the activities of the alleged foreign lobby opposing retaliatory provision of the revenue bill against Canadian fisheries was passed today by the senate.

The resolution was adopted after the senate had disposed of a similar resolution by referring it to a committee. The new resolution adopted provides for a report at the next session of congress.

Senator Reed, Democrat, a member of the lobby committee, said he believed it was high time for the American government to show other nations that it regarded as offensive any efforts to influence legislation in congress.

Senator Lewis, Democrat, urged that if anything should be investigated it should be the recent demands of Japan on China. He declared that apparently they were in retaliation to the attitude of this country toward admission of the Japanese. Russia, he said, was a party with Japan and sought retaliation because of the abrogation of the American commercial treaty.

## WILL NOT PRESS CORRUPT PRACTICE BILL THIS SESSION

(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 8.—Senator Owen announced in the senate today that he would not further press his corrupt practice bill at this session, but would let it remain until the unfinished business before that body would call it up again next session.

## Hunger May Force Fugitive to Give Up to Officers

(ASSOCIATED PRESS TELEGRAM) Chardon, O., Sept. 8.—Hunger, it is believed, will be the means of bringing into custody Clifford Belding who went on a rampage in Bambridge last Tuesday and after keeping police officers under fire all night escaped into a dense thicket. Officers believe Belding soon will come out of his hiding place in search of food.

Where shall we go for our Furniture?

to

**SPERRY-HARRIS CO.**

Our variety is endless. It is so displayed that you can judge exactly how your furniture will look when you have arranged it in your own home. By buying from us you can make sure that every article in every room is in perfect harmony with the rest.

Just at this time we are particularly urging the purchase of **Limbert's Holland Dutch Arts and Crafts Furniture**. It is without doubt a most magnificent line to buy. You can get a faint conception of it from the illustrations in this advertisement. You will do much better however, to come to our **Limbert** display and enjoy comparing one beautiful design with another and picking out exactly the pieces which you like best.

This very day, if you avail yourself of our extraordinary facilities, you can get just the furniture you have both longed to possess.

**Operates on Brother.**  
Roy Shiner, brother of Dr. J. G. Shiner underwent an operation at Cleveland on Thursday. Dr. J. G. Shiner assisted in the operation. The patient rallied nicely from the shock of the operation.

**Citizens' Legion.**  
The Citizen Legion meets this evening.

**Birth Announced.**  
"William Ashbrook Cornell registered at the hospital last night and intends to cast his vote for his namesake on November 7th." Congressman Ashbrook was delighted to receive the foregoing telegram from Ernest Cornell this morning. Mr. Cornell, attorney, associated with Albert A. Stasel, was for eight years Congressman Ashbrook's efficient private secretary.

**To Address Women.**  
Mrs. Samuel Drummond of Oberlin, state organizer of the W. C. T. U. will address the women of the Evans Union African M. E. church Friday afternoon at 2:30 o'clock.

**Recovering From Accident.**  
Mr. Charles Trees of this city and his mother, of Pittsburgh, who were injured in an auto accident in Pittsburgh are both getting along nicely at the West Penn hospital under the care of Dr. Swopps and both Mrs. Charles Trees and Mr. Clyde Trees who were also in the accident will return to Newark with their children Sunday.

**To Study Law.**  
William C. Irish, who for some time past has been clerk of the justice court of D. M. Jones in South Third street will leave for Ada, O., tomorrow where he will take a course of law in Ohio Northern University. He will be accompanied by Mrs. Irish and they will do light

housekeeping. William Kling, also of this city and a recent graduate of Newark High school will also enter the university Monday to take a course in law.

**Entertained Sunday Guests.**  
Mr. and Mrs. Felix Crook of Granville entertained the following guests at dinner on Sunday: Mr. and Mrs. O. C. Welsant, Miss Emma Welsant, Miss Murphy of Columbus, Mr. and Mrs. G. W. Welsant and children, James, Amelia, Elenora and Chara, Mr. and Mrs. G. E. Welsant and son Paul, Mr. and Mrs. John Waul and family, Mr. and Mrs. Lebast Schoeklin of Caldwell, O.

**King's Herald.**  
The King's Herald of the First M. E. church will meet on Saturday afternoon, Sept. 9, in the church, promptly at two o'clock. All are requested to bring the mite boxes.

**Getting Along Nicely.**  
Miss Beda Cooper, surgical nurse at the City Hospital who recently underwent an operation for mastoids is getting along nicely. She is at the home of her sister, Mrs. James Cooper in Andover street.

**Injury Foot.**  
Mrs. E. C. Love has been confined to her home in South First street, from an injury she suffered to her right foot. In walking along the sidewalk, she stumbled over the trunk of a dead tree. A piece of the limb penetrated her right instep, inflicting an ugly wound. Dr. Florence Stir Smith dressed the injury.

**Not Mrs. Nichols, Milliner.**  
Mrs. Bell Nichols, milliner, asks The Advocate to state that she has not undergone an operation but that the Mrs. Nichols operated upon is another woman of the same name.

**Ammunition Higher.**  
When sportsmen purchase their ammunition for the duck and squirrel season they will find they are compelled to pay much more per box than formerly. This is due in a measure to the great demand for explosives of all kinds due to the European war. It is predicted that there will be a falling off in hunting licenses issued in Licking county over that of last year.

**Picnic at Lake.**  
Members of the Uniform Rank Colored Knights of Pythias and their friends picked up at Buckeye Lake Park yesterday and had a most enjoyable time. One of the big pavilions was rented and dancing was indulged in all afternoon. Boating was also one of the pleasures of the day. Number of Knights from Columbus, Mt. Vernon and Zanesville were in attendance.

**East Side Meeting.**  
A meeting of the East Side Improvement association was held last evening at the rooms of Fromholtz Hall in East Main street. There was a fair attendance in spite of the hot weather which prevailed and routine business was transacted and plans for the next meeting, Thursday evening, Sept. 21, at which time the annual election of officers will take place.

**Civic Bureau Meeting.**  
Chairman Joseph Pugh, of the Civic Bureau of the Chamber of Commerce has called a meeting for this evening at which time a program for the fall and winter work will be outlined.

**Ill With an Abscess.**  
John Holiday who resides in North Fourth street is confined to his farm east of the city, suffering with an abscess on the back. Dr. C. F. Legge is attending him.

**Operation for Tumor.**  
Dr. D. J. Price operated on W. M. Hays of the Orpheum Building, Friday for the removal of a tumor of the nose.

**Seriously Ill.**  
Harry Early, formerly of Newark, but who has been employed in Sandusky, is critically ill at Providence Hospital in that city. Mr. Early is suffering with pleurisy.

**Condition Improved.**  
The condition of Robert Brickles, the 3 year old son of Mr. and Mrs. G. E. Brickles, who was struck by an automobile is greatly improved. The child ran in front of a machine near his home and his head was badly injured.

**New Lexington Fair.**  
The Perry county fair is scheduled for Sept. 13, 14 and 15.

**Seriously Ill.**  
County Recorder O. C. Martin is seriously ill at his home in St. Louisville. He has not been able to be at his office in the court house for several weeks. He is showing some improvement this afternoon and his physician has hopes of an early convalescence.

**Police Court.**  
One plain drunk was fined \$5 and costs and two train riders each \$1 and costs by Mayor Bigbee this morning.

**Feats of Endurance.**  
What is the limit of human endurance?  
A bomb thrower has hurled bombs continuously for forty-one hours.

There are numerous striking and more peaceful record breaking feats. A club swinging champion once swung his clubs for forty-six hours without a moment's rest.

A young Brixton athlete once swung a blacksmith's hammer for twelve hours on end. Then this same modern Samson belabored a punching bag continuously for fifteen hours at the average rate of 143 punches a minutes.

A few years ago two Frenchmen walked round and round a billiard table, playing game after game and covering sixty miles for twenty-four consecutive hours.

A band of change ringers once rang the bells of St. Martin's, Birmingham, for eight hours without pausing.

A certain Polish lady danced, with only momentary rests, for thirty-four hours, while an Italian dancer danced for fourteen hours at the rate of eighteen waltzes an hour.—London Stray Stories.

Cuba's President has signed a decree appointing a commission to study the question of nationalizing the railroads there. The committee is expected to report in six months.

**A Boost For Barley.**  
"Barley is strangely neglected by the cook of today," says a writer in the Woman's Home Companion. "As it contains more starch and sugar and less gluten than wheat, it might well take the place of the potato on our tables and this with benefit to purse and health."

"One cup of barley will swell to five times its original size when cooked, and its uses are wonderfully varied. As a breakfast dish with sugar and cream it is rich and satisfying; for dinner, as a garnish for meat or with rich meat gravy, it makes a savory entree; at tea time cold steamed barley cut in slices and browned in hot butter, then served with maple syrup, is delicious."

"Combined with dried or fresh fruits it makes as wholesome desserts as rice. Indeed, there is no way in which rice may be prepared in which barley cannot be cooked with just as good results. Barley requires a long time to cook properly, but now we have the cereal cooker and the fireless cooker and with them the opportunity to have the perfect cereal."

**Queer Use For Cordite.**  
Some years ago Lord Haldane started the house of commons when replying to a remark made by another member as to the danger attached to the use of cordite by saying that he himself possessed a walking stick made of cordite which he sometimes brought down to the house and left in the cloakroom. An uneasy look stole over the faces of the members present, but in a scientific and highly technical speech his lordship explained that cordite was a perfectly innocent substance until brought into contact with dangerous allies, and without certain ingredients necessary to convert it into an explosive it might be handled with impunity. At the same time it was noticed that Lord Haldane's stick was given a wide berth when it was seen in the cloakroom.

**Japanese Translations.**  
A writer in a Tokyo Journal reports the struggles of Japanese writers to translate English idioms into their own tongue. We cite several of these howlers. "We put our heads together" (We collided). "He could not find it for the life of him" (He could not discover it till his death). "He is a great loss to his country" (He is a great calamity to his country). "He hung his head for shame" (He committed suicide by strangulation). "He takes things easily" (He is a deft thief). "She sat over a cup of tea" (She sat upon a teacup). "I shudder at the bare idea" (I shudder to think that the man is naked). "The bare idea" is evidently translated into "the idea of bareness." "Spare me five minutes" (Spare my life—only for five minutes).

**Horses in the Time of Homer.**  
The horses used in Homer's time were war horses. The warriors were drawn in chariots. The art of riding was known, but it is alluded to as something unusual. Ulysses at the time of his shipwreck "bestrode a plank, like a horseman on a big steed." There are reasons for believing that the practice of riding was much later than that of driving, and the myth of the centaur, where, according to Shakespeare, "man is incorporated and dematerialized with the beast," probably originated at an early period when the appearance of a man on horseback was a novel sight.

**Too Costly.**  
At one of the Boston theaters recently there was shown on the screen a picture of a stock exchange. The brokers were hurrying about, pushing, waving their arms, gesticulating and to the uninitiated acting like a lot of insane men. Two young ladies in the balcony watched them with breathless interest for some time, then one asked: "Why in the world don't they sit down and rest once in awhile?" "My dear," was the enlightening answer, "don't you know that a seat in the Stock Exchange costs thousands of dollars?"—Harper's Magazine.

**Two Kinds of Joy.**  
The joys as well as the burdens of life are pretty evenly divided between the sexes after all, and probably a little girl derives as much innocent pleasure from being a flower girl at a wedding as a little boy does from going to school with a live garter snake in his trousers pocket.—Ohio State Journal.

**The Man Behind the Message.**  
The value of a thing depends largely upon who says it. Words may be bullets, but character must be the powder at the back of them to give them projectile force. The man behind the message is as important as the man behind the gun.

**He Told Her.**  
"What is it, do you suppose, that keeps the moon in place and prevents it from falling?" asked Araminta. "I think it must be the beams," replied Charlie softly.

**Keeps Him Busy.**  
The Skeptical Aunt—"What does he do, Dolly, for a living? Dolly greatly surprised)—Why, auntie, he does not have time to earn a living while we are engaged!"

**Unusual.**  
"He's different to most men anyhow." "In what way?" "He even knows all the words in the second verse of 'America.'"—Detroit Free Press.

The way to wealth is as plain as the way to market; it depends chiefly on two words—industry and frugality.—Franklin.

Even a girl's bathing suit doesn't shrink like a man's last dollar bill.

## NEAL AVENUE CHURCH ASKS PASTOR'S RETURN

The quarterly conference of the Neal Avenue M. E. church was held on Tuesday evening at the church, with Dr. J. C. Arbuckle, presiding. After the business session had been concluded, an invitation was extended by the conference to the pastor, Rev. P. H. Frye to return to the charge for the fifth year.

The members of the conference then went to the parsonage where about one hundred and fifty members of the congregation had gathered and a surprise was tendered Rev. and Mrs. Frye. Dr. Arbuckle, made the presentation speech presenting the pastor and his wife with two leather rocking chairs.

## NEWARK BOYS ON BORDER LIKE NEW SURROUNDINGS

Capt. Matthew Bausch has received a letter from his son, who is with the fourth regiment, now located at Ft. Bliss, Texas. There are several Newark men with the regiment and all are well satisfied with their location. They found the temperature no hotter than in this locality and the nights are so cool that they sleep under blankets.

More than 2,000 miles of railroad in this country are now operated by electricity, which is 100 per cent more efficient on steep grades than steam.

# Saturday Will Be Your Last Opportunity To Buy Medium Weight Coats At a Big Saving of Money

In order to make room for winter coats, these fine, high grade coats are marked at very low prices to close. Just the right weight for wear during the cool evenings and the cool days that will soon be on us. These styles are heavy enough to be worn on into November, many materials of a weight that requires no lining, and other styles lined with fine silk linings.

## BEAUTIFUL SPORT STYLES NOW \$5.00 EACH.

These nobby styles are mostly corduroy, in high colors. Also white, showing touches of color such as pink or blue on collar and cuffs. Very stylish and only \$5.00 each

## SPLENDID COATS NOW \$7.00 and \$10.00

These are all good styles in beautiful materials. Some plain colors, others fancy checks and plaids. Select now at \$7.00 or \$10.00

## ALL THROUGH THE FALL AND EARLY WINTER YOU NEED A MEDIUM WEIGHT SUIT.

You can buy one now for about half price. The styles and materials are splendid, and when you consider how long you can wear one of these handsome suits, it will be a wise investment. Look over the line which contains plain colors and fancy plaids and checks, and are now marked \$7.50, \$9.00 and \$10.00

## FINAL CLEARANCE PRICES ON SUMMER WASH DRESSES. THE DRESSES NOW \$2.00.

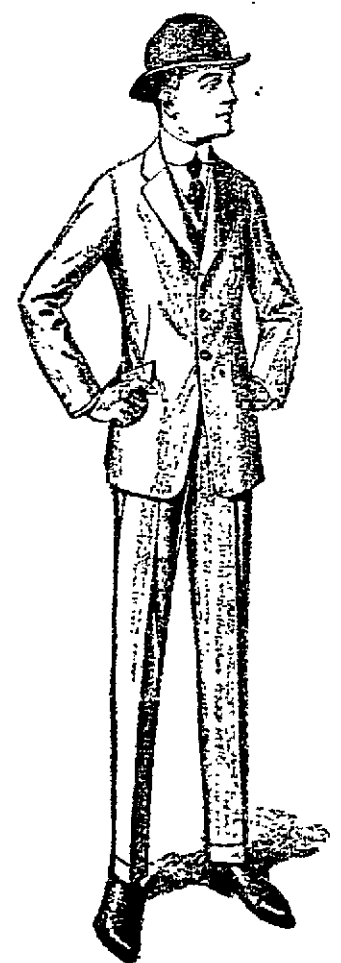

Are splendid dresses for wear in the house on through the winter. Plain color linens, colored ginghams and fancy weaves in assorted colors. If your size is here you can select a very serviceable dress at \$2.00

## THE FANCY DRESSES NOW \$5.00 and \$6.00 EACH

Will make dainty dresses for afternoon and evening wear through the fall and early winter. Look at the styles now \$5.00 and \$6.00 ea.

# TALK PEACE

## BUT NATIONS PREPARE FOR WAR AND FULFILL BIBLICAL PROPHECY.

Selfishness of Man Such That God is  
About to Permit His Destruction  
by War.

In his address last night before an interested audience at the big tent, West Main and Eleventh streets, Evangelist Weaver took the position that the universal agitation for world peace in the face of the actual raging war among the largest nations of Europe, and the world-wide preparations for war among those other nations not directly engaged in war, is the great paradox of Bible prophecy. For years the nations have been and at present are saying one thing, but doing exactly the contrary. They talk peace but prepare for war. He pointed out that the people and nations everywhere are saying the very things which the prophecies of the Bible predicted that they would be saying, that is, that nations shall learn war no more, swords shall be beaten into plowshares, etc., and that an era of peace is about to dawn upon the world during which arbitration is to take the place of armor plate and bloody war is to be superseded by quiet counsel.

"The prophecies in the second chapter of Isaiah and the fourth chapter of Micah are being literally fulfilled today," he claimed. "These prophecies predict what the people and nations shall be saying in the last days, viz. 'Many people and nations shall go and say, they shall beat their swords into plowshares and their spears into pruning hooks; nation shall not lift up sword against nation, neither shall they learn war any more.' Note that the scripture tells us not what the people will be doing, but what they will be saying."

"Now it is interesting to note another scripture in which the Lord himself points out what the people will actually be doing. In the third chapter of Joel, verses 9 to 14 the Lord says, 'Prepare for war. Beat your plowshares into swords and your pruning hooks into spears; let the weak say, I am strong. Multitudes, multitudes in the valley of decision, for the day of the Lord is near in the valley of decision.' This is just the opposite of the policies which the people will be advocating with their lips. But it does not follow that the Lord is responsible for the war. Prophecy is not predestination. It is simply the foretelling by an all seeing God of the conditions and events of the future for the benefit of His people who would otherwise be left in darkness unable to know how to relate themselves to the changed conditions when they arrive."

"There never were in the history of the world such enormous preparations for war as are now being made by the nations of the earth. The thousands of millions of dollars which rightfully should be expended for the interests of peaceful industry, symbolized by the plowshare and pruning hook, are being lavishly poured into the maw of the gods of war. The present administration of the United States government last year went on record that it would stake its chances for re-election on the policy of armament and preparation for war; perhaps not for conquest, but assuredly for war. 'Preparedness' has become the slogan, not only for the people of America, but for all nations. At the same time Mr. Bryan has shown publicly that he is ready to take advantage of the popular delusion which teaches that the world is on the threshold of an era of peace among the nations, by placing himself at the head of a school of thought which is pushing its way into all phases of society everywhere and proclaiming that the 'age of peace is now building its nest in the cannon's mouth.'"

"With malice toward none and charity for all," as Lincoln said, I hold that in the light of scripture teaching both of these great men are fulfilling prophecy. However sincere they may both be in their convictions, it is plain to the student of prophecy that the policy of the President is a snare and the policy of the ex-Secretary of State is a positive delusion."

"Everybody everywhere should heed the warning of the apostle Paul where he prophesies the coming of Christ as follows: 'For yourselves know perfectly that the day of the Lord so cometh as a thief in the night. For when they shall say,

peace and safety, then sudden destruction cometh upon them, and they shall not escape. But ye, brethren, are not in darkness that that day should overtake you as a thief.'

"Universal war is in the very atmosphere. Universal war is predicted in the Bible for the last days. 'There is no peace, saith my God, to the wicked.' Unless every ruler and every man in this world shall have a change of heart by the renewing of his mind through Christ, there can never be, in the very nature of things, anything but strife and war. But, viewed in the light of present conditions, that possibility is eternally remote. The selfishness of men has developed in the last days to such proportions that God is about to permit them to destroy themselves through war. Universal peace will never, never come in this present evil world. Not till God has brought to pass all that he has planned concerning the destruction of this present evil world and all sin and sinful people and has re-created the world and placed therein His faithful, tested, peace-loving subjects of all ages of the past who were 'stoned, sawn asunder, tempted, slain with the sword,' who also 'wandered about in sheepskins and goatskins; being destitute, afflicted, tormented—of whom this world was not worthy,'—will there be universal peace."

"When writing of these solemn future events, the apostle Peter says, 'But the day of the Lord will come as a thief in the night, in which the heavens shall pass away with a great noise and the elements shall melt with fervent heat, the earth also, and the works that are therein shall be burned up. Nevertheless we, according to His promise, look for a new heaven and a new earth wherein dwelleth righteousness.'"

The subject which Mr. Weaver will discuss tonight is, "How Soon Will all the Jews Return to Jerusalem?"

# WILL THE OLD BOOK STAND?

Evangelist To Answer The Attacks  
of Bible Critics.

The Bible contains the will of God, the state of man, the way of salvation, the doom of sinners, and the happiness of believers.

Its doctrines are holy, its principles are binding, its histories are true, and its decisions are immutable.

Read it to be wise, believe it to be safe, and practice it to be holy.

It is the traveler's map, the pilgrim's staff, the pilot's compass, the soldier's sword, and the Christian's charter.

Here Paradise is restored, heaven opened.

Christ is its grand subject, our good its design, and the glory of God its end.

It should fill the memory, rule the heart, and guide the feet.

Read it slowly, prayerfully, and frequently.

It is a mine of wealth, a paradise of glory, and a river of pleasure.

It is given you in life, will be opened at the judgment, and be remembered forever.

It involves the highest opportunity, rewards the greatest labor, and condemns all who trifle with its holy contents.

If you, as a Christian, would like to get hold of some satisfactory answers with which to meet the criticism of that acquaintance who persistently taunts you with the thrusts of ingersoll and ridicules your simple faith in the Bible as the word of God; if you are an honest doubter of the authorship of the Bible and its claims to divine inspiration; if you are an earnest seeker after light on this wonderful book, then be sure to go to hear Evangelist H. A. Weaver next Sunday afternoon at three o'clock at the BIG TENT, Corner West Main and Eleventh streets. You will find this to be a place where men think. There will be good music. You are not only welcome, but we urge you to come. Sunday night at 7:30 Evangelist W. W. Miller of India will deliver an address on "The Glorious Second Coming of Jesus Christ."

Although nearly a million were minted, the United States Cent of 1793 is an extremely rare coin and brings prices of from \$40 to \$75, according to the specimen's condition.

For all lumber call P. Smith Sons' No.

# New Styles of Fern Waists (always \$1.00) On Sale Saturday

# HUNDREDS OF NEW FALL GARMENTS

---: WILL BE DISPLAYED SATURDAY :---

The character of a store doesn't change from season to season any more than the character of a woman changes. The policy of this store, now as always, is to buy liberally in the markets where styles are created, and to share with our customers the savings effected by large buying.

This policy—so economical to our patrons—we have demonstrated so completely and consistently that our old customers and their acquaintances come to us with the same confidence that we place in our bankers—that is with an assurance of absolute dependability proved by experience.

## WE ARE BANKERS—BANKERS OF FASHION.

### One of These Suits Will Surely Strike Your Fancy

An exposition of styles gathered from the leading manufacturers—each a model that has won recognition in the World of Fashion. A more complete variety would be hard to find—choose from plain wool velours, or perhaps, you would like the neat checks better, then there are Gabardines, Rich Broadcloths, Fine Weave Poplins, Men's Wear Serge, pretty Cheviots and a host of novelty materials. There are youthful looking styles for the growing miss, severely tailored styles for the woman who wants them, then there are the more elaborate models, and naturally a host of styles that just fit in as the happy medium.

It's a display of popular priced suits worthy of every woman's attention.

\$12.95 to \$45.00.

# New Fall Skirts in Every Prevailing Mode

New styles have arrived, to swell the showing that has already captivated the feminine heart. Plain colors, mixtures, stripes and plaids—all are here in an endless variety of authentic designs. All waist measures from 23 to 41 inches.

\$3.98 to \$12.50

# None Too Early To Select That New Winter Coat

In spite of the extremely warm weather we are selling quite a few of the new Fall and Winter coats. Many have taken advantage of our liberal lay-away system, and, of course, you can do the same.

Over four hundred coats are ready for your inspection. Seal Plushes, esquinette, Balloon Seal, Furtex, Siltex, Velour, Velour du Nord, Wool Plush, Arcadian Lamb, Matalam, Bolivia Cloth, Wool Velour, Cheviots, Mixtures, etc. The styles are so numerous that it's really impossible to give an adequate description. You must see them—try them on, to fully appreciate their warmth and beauty. Prices, too, are so reasonable.

\$10.00 to \$70.00

# THE NEW DRESS-GOODS AND SILKS

Comply With Fashions' Final Dictates

Months ago we made contracts for our Fall Dress-Goods and Silks, thereby saving at least 25 per cent, as present prices have advanced that much. We are giving you the advantage of this tremendous saving, as the few items below indicate.
